Mercredi, le 15e jour de février 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général d'établir les règlements suivants pour l'administration des terres à pâturage au Manitoba et dans les territoires du Nord-Ouest, et ils sont par le présent faits et adoptés en conséquence :

Art. 1. Les baux de terres à pâturage au Manitoba et dans les territoires du Nord-Ouest seront pour une période d'au plus vingt-un ans, et nul bail ne sera pour plus de 100,000 acres.

Art. 3. Dans un territoire arpenté le terrain couvert par le bail sera décrit par townships et sections : Dans un territoire non arpenté, si le ministre de l'Intérieur l'exige, l'individu auquel le bail aura été promis, devra, avant que le bail soit délivré, faire faire à ses frais un arpentage du territoire par un arpenteur fédéral d'après les instructions de l'Arpenteur général, et les plan et carnets de campagne de cet arpentage seront déposés au ministère de l'Intérieur.

Art. 3 (*a*) Le locataire paiera une rente annuelle au taux de deux centins pour chaque acre couvert par son bail, et durant chacune des trois années qui suivront la date du bail il mettra sur le terrain affermé au moins un tiers de tout le nombre d'animaux qui doit être placé sur le dit terrain, savoir, une tête de bétail ou cinq têtes de moutons pour chaque vingt acres de terre couverts par le bail, mais ce nombre ne devra pas être excédé, et durant le restant du terme il devra y garder des animaux dans la même proportion, à moins que le ministre de l'Intérieur n'en décide autrement ;

(*b*) et il devra, lorsque le ministre de l'Intérieur l'exigera fournir des états du nombre d'animaux possédés par lui

Art. 4. Après avoir mis le nombre voulu d'animaux ou de moutons sur le terrain affermé, le locataire pourra acheter une étendue raisonnable de terre dans les limites de son bail pour en faire une ferme et un corral, mais ce terrain ne devra pas excéder dix pour cent de l'étendue totale du bail.

Art. 5 (*a*) La totalité ou une partie des terres qui seront affermées, sauf si le bail contient une disposition contraire, sera ouverte aux inscriptions de homestead et de préemption, ou pourra être achetée du gouvernement au prix établi pour cette catégorie de terres, en en faisant la demande, et à mesure que les inscriptions sont accordées ou les achats effectués, le bail deviendra nul à l'égard du terrain ainsi inscrit ou acheté.

(*b*) Le ministre de l'Intérieur pourra, toutefois, au reçu d'une demande pour un bail de terre à pâturage de terres déclarées impropres à la culture, retirer les terres couvertes par le bail des inscriptions de homestead ou de vente en attendant qu'elles soient inspectées, et aussitôt qu'il sera convaincu qu'une partie ou la totalité des terres comprises dans la demande ne sont pas propres à la culture, il pourra louer ces terres et les retirer des inscriptions de homestead ou de la vente tant que durera le bail.

Art. 6. Un locataire de terres à pâturage n'aura pas la permission de prendre un homestead dans les limites d'un territoire affermé à un autre pour des fins de pâturage.

Art. 7. Le défaut de remplir aucune des conditions de son bail expose le locataire à se le voir confisqué.

Art. 8. Nulle personne ne sera libre de mettre des moutons sur les terres fédérales au Manitoba et dans les territoires du Nord-Ouest sauf sur les terres qui sont déjà ou seront plus tard spécialement réservées pour cette fin par le ministre de l'Intérieur.

Art. 9. Le bail sera en la forme que fixera le ministre de l'Intérieur conformément aux présents règlements.

AT THE GOVERNMENT HOUSE AT OTTAWA.

28th December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 12th December, 1895, from the Minister of the Interior, submitting herewith, a copy of a Memorial dated 27th March, 1895, presented to him by the Very Reverend Father Lacombe, O.M.I., on behalf of His Grace the Archbishop of St. Boniface and Their Lordships the Bishops of St. Albert and Prince Albert, with regard to the establishment by them of an Industrial School and the reservation in connection therewith of a tract of four townships of Dominion Lands in the District of Alberta, with a view to the betterment of the present destitute condition of the majority of the Half-breed population of Manitoba and the North-west Territories, as well as a report on the subject made by his Deputy, of which he, the Minister, approves.

The Minister in recommending that the requisite authority be granted under the provisions of subclause (*h*) of clause 90 of The Dominion Lands Act to carry into effect the terms of his Deputy's report above referred to, takes the opportunity of expressing the gratification which he feels at the formal acknowledgment made in the Memorial, coming as it does from Father Lacombe, whose whole life has been devoted to the aboriginal races of this country, and whose testimony on the subject is more valuable than that of any other person, of the just and liberal treatment extended at all times to the Half-breeds of Manitoba and the North-west Territories by the Government of Canada

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

4th July, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated the 25th June, 1896, from the Minister of the Interior, stating that the Board of Management of the Half-Breed Colony of St. Paul des Metis have submitted an application to have made out into lots of 80 acres, instead of 40 acres as at present authorized, the tract of four townships of Dominion Lands which, under the provisions of the Order in Council of 28th December, 1895, they are permitted to hold under lease, for the purposes of the Half-Breed Colony proposed to be founded.

The Minister desires to point out that, on re-consideration, the Board of Management have come to the conclusion that the maximum area of 40 acres, provided by the Order in Council above mentioned, which at first they deemed sufficient for the object in view, is now considered too small to ensure the success of the families which may be induced to settle within the Colony.

The Minister observes that the change proposed by the Board of Management is one which does not in any way affect the general nature of the scheme.

The Minister, inasmuch as there does not appear to be any reasonable objection to increasing the area of the lots, recommends that the application of the Board of Management be favourably entertained, and that the maximum area of the lots to be sub-leased to each Half-Breed family by the Board be increased to 80 acres accordingly.

The Committee submit the foregoing for Your Excellency's approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

Tuesday, the 11th day of August, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it would be advisable in the interest of the Half-Breed Colony of St. Paul de Metis that certain of the lands allotted for the Half-Breed settlement should be laid out into lots ten chains wide and one mile deep containing 80 acres each, such lots being formed by subdividing each section into eight lots of the size above mentioned, fronting on a sectional road allowance, and whereas such surveys are allowed by clause 21 of the Dominion Lands Act :

His Excellency, in virtue of the powers conferred upon him by clause 90 of the Dominion Lands Act and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that certain of the lands allotted for the Half-Breed settlement of St. Paul des Metis shall be laid out into lots ten chains wide and one mile deep containing 80 acres each, such lots being formed by subdividing each section into eight lots of the size above mentioned, fronting on a sectional road allowance.

His Excellency is further pleased to order that a road allowance be left in every case on the sectional line dividing the said lots, whether or not such road is provided for by the existing regulations.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL

ON a Report dated 3rd March, 1905, from the Minister of Marine and Fisheries, stating that he has had under further consideration the application in regard to the proposed change of name of certain of the steamers of the Richelieu and Ontario Navigation Company, for permission to change the name of the steamer *Spartan* of the Port of Montreal, Official Number none, to that of *Belleville*, that City being one of the ports on the steamer's route, and the company being desirous of giving their steamers the names of the principal cities, towns and rivers along such route.

The Minister further states that the vessel is unencumbered and is certified by the Government Steamboat Inspectors at Kingston, Ontario, to be seaworthy.

The formal consent of the registered owners of the vessel to the proposed change of name has been filed with the Department of Marine and Fisheries.

The Minister recommends as there appears to be no objection to the applicant's request being complied with, that, under the provisions of section 21 of chapter 72 of the Revised Statutes of Canada, permission be granted to change the name of the said steamer *Spartan* to that of *Belleville*.

The Committee submit the same for approval.

[Ref. 480,384]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 28th day of February, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 23rd December, 1904, from the Minister of the Interior, stating that by an Order in Council of the 26th of April, 1904, authority was given to permit Captain Henry Havelock Norwood to construct a reservoir on Bonanza Creek in the Yukon Territory, and to store, divert, distribute and dispose of 3,000 miners' inches of the unentered and unappropriated waters of that stream, for a period of twenty-five years, for use in connection with mining operations.

The Minister further states that No. 2 of the terms and conditions under which the permission referred to was granted reads as follows :—

"That before the construction of the dam be com-
"menced the applicant shall secure the ownership of
"all claims in good standing, the operations on which
"would be interfered with by reason of the construc-
"tion of the dam and the storing of the water."

That from representations made to the Department of the Interior it would appear to be advisable to grant some relaxation in the terms of this condition.

The Minister therefore recommends that the above section of the Order in Council of the 26th April, 1904, be rescinded and that the following be substituted therefor :—

"2. That before the applicant shall be permitted to
"enter upon or occupy any mining claim in good
"standing, and before he shall be permitted to inter-
"fere with or damage any such claim by reason of the
"construction of the dam or the storing of the water,
"he shall first be required to secure the ownership of
"such claim."

The Minister submits that section 3 of the terms and conditions under which the grant to Captain Norwood was made also provides that the applicant shall, within one year from the 26th April, 1904, furnish proof through and by the Government Mining Engineer, to the satisfaction of the Minister of the Interior, that he has expended not less than $5,000 in the actual construction of the works necessary for the storage of water.

That Captain Norwood represents that he has recently expended about $35,000 in the construction of a ditch along the right limit of Bonanza Creek, for the conveyance of water from that stream at claim No. 57 above Discovery, and the Government Mining Engineer to whom the matter was submitted, confirmed the statement made by Captain Norwood as to the expenditure incurred in this connection.

The Minister recommends, therefore, that provided it can be shown to his satisfaction that the works, in the construction of which the above expenditure or $35,000 was incurred, are a necessary part of the works contemplated in the Order in Council of the 26th of April, 1904, he be authorized to accept the same as compliance with the provisions of section 3 of the

terms and conditions under which the grant to Captain Norwood was made, in respect of expenditure during the first year from the date of such grant, and provided this expenditure is accepted as satisfactory that he be further authorized to permit Captain Norwood to proceed with the diversion of the water granted him by Order in Council dated the 26th of April, 1904, without waiting for the construction of the dam referred to therein.

The Minister represents that by an Order in Council dated the 23rd of July, 1904, authority was given to permit Captain Norwood to construct the dam above referred to at or below the junction of Carmack's Fork with Bonanza Creek, provided, however, that no portion of the dam or reservoir shall be located or created below the lower limit of Claim No. 57 above Discovery on Bonanza Creek.

That between claims numbered 56 and 57 above Discovery there is a small fractional claim, known as No. 56 A., owned by the applicant, upon which he desires to construct a portion of the dam referred to.

The Minister recommends therefore that the Order in Council of the 23rd of July last above referred to, be amended, so as to provide that no portion of the dam or reservoir shall be located or created below the upper limit of Claim No. 56 above Discovery on Bonanza Creek.

The Committee submit the same for approval.

And whereas the Comptroller of the Royal North-west Mounted Police now intimates that the said Sections 17, 18, and 19 and the South-west ¼ of the said Section 20, Township 4, Range 3, west of the 3rd Meridian are no longer required for the purposes mentioned,—

Therefore the Governor General in Council is pleased to order that the said Order in Council of the 2nd March, 1887, shall be and the same is hereby rescinded in so far as it relates to these lands, and that they be withdrawn from the reservation, leaving in possession of the Police the North ½ and the South-east ¼ of Section 20, Township 4, Range 3, west of the 3rd Meridian.

And whereas these buildings were recently destroyed by fire, but the Comptroller of the Force represents the desirability of continuing for the present the said South-east ¼ of Section 9 for Police Reserve, it being near the boundary line between the North-west Territories and British Columbia on the Crows Nest Railway.

Therefore the Governor General is pleased to order that the above mentioned quarter-section be reserved, and the land withdrawn from sale and settlement and set aside for Police purposes.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 3rd January, 1905, from the Minister of the Interior, stating that notice has been received from the Department of Indian Affairs that a certain parcel of land situated in Township Five, Range twenty-seven, west of the Sixth Meridian, in the Province of British Columbia, is required for the use of the Indians of that Province and is described and known as the Cha-With-En Indian Reserve, containing by admeasurement fourteen hundred and seven acres, more or less, as shown on the plan of the said Township, approved and confirmed on the 15th day of April 1904, by Edouard Deville, Surveyor General of Dominion Lands and of record in the Department of the Interior under number ten thousand one hundred and ninety-four (10,194).

The Minister recommends that under the provisions of subsection A of section 38, of the regulations for the survey, administration, disposal and management of Dominion lands within the Forty Mile Railway Belt, in the Province of British Columbia, the said parcel of land be withdrawn from the operation of these regulations subject to existing rights as defined or agreed under the same, and be placed under the administration of the Department of Indian Affairs.

[Ref. 479,808.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 20th day of January, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHERAS by section 47 of The Dominion Lands Act as enacted by section 5 of chapter 15 of 55-56 Victoria, it is provided that the Governor General in Council may from time to time make regulations for the working and development of mines on lands within the Rocky Mountains Park of Canada, and for the sale, leasing and licensing, or other disposal thereof : Provided, however, that no disposal of mines or mining interests in the said park shall be for a

longer period than twenty years, renewable in the discretion of the Governor in Council for a further period of twenty years each, and not exceeding in all sixty years;

And whereas applications have been made to the Department of the Interior for leases for stone quarrying purposes of tracts of land situated within the limits of the Rocky Mountains Park, and the Superintendent of the park has reported that the operation of stone quarries on the land for which applications have been made would not be objectionable and would not conflict or interfere with the improvements already made or those which are likely to be carried on within the park;

And whereas it would appear to be advisable in the public interest to grant leases for stone quarrying purposes of such lands within the park as may not be in close proximity to any permanent improvements,—

Therefore the Governor General in Council is pleased to authorize and doth hereby authorize the Minister of the Interior to grant leases of such lands upon the following terms and conditions:—

1. Leases for stone quarrying purposes of lands within the Rocky Mountains Park of Canada may be issued by the Minister of the Interior.

2. The duration of such leases shall be twenty years unless sooner terminated by the consent of the Crown and the lessee or cancelled for non-fulfilment of the conditions, and such leases shall be renewable in the discretion of the Governor General in Council for further periods of twenty years each, and not exceeding in all sixty years, on such terms and conditions as may at the time of renewal be agreed upon by the Government and the lessee.

3. The ground rent shall be twenty-five cents an acre per annum, payable half-yearly in advance.

4. A royalty of five per cent on the sales shall be levied and collected upon the gross output of the quarry. Returns under oath shall be made quarterly to the Minister of the Interior by the lessee, showing the quantity of stone taken out and disposed of, or the quantity of lime manufactured therefrom and sold, together with the total amount obtained therefrom, and the royalty shall be paid at the time of making such returns.

5. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for shall be punished by the cancellation of the lease, and action will be taken to recover the amount due to the Crown.

6. The area to be leased to one person shall not be less than forty acres and shall not exceed six hundred and forty acres, and the lessee shall not make any transfer or assignment of his lease without the consent in writing of the Minister of the Interior.

7. The boundaries beneath the surface of a location shall be the vertical planes or lines in which their surface boundaries lie.

8. The lease shall be subject to the general regulations for the control and management of the Rocky Mountains Park of Canada dated 30th June, 1890, and to such further and other regulations as have since been made or which may hereafter be made from time to time in that behalf by the Governor General in Council.

9. The lease shall be in such form, and shall contain such conditions not inconsistent with the above provisions, as may be approved by the Minister of the Interior.

*Courses of Instruction.*

(24). In order that officers, non-commissioned officers and men of the permanent force may thoroughly qualify themselves for the position of instructors and assistant instructors, and also that a uniform system of signalling may prevail throughout the Canadian Militia, courses of instruction will be conducted under the supervision of the Inspector of Signalling at the several permanent headquarters, as notified from time to time in Militia Orders.

(25). Officers and non-commissioned officers of the Active Militia, including the Signalling Corps, will be allowed to attend classes if vacancies exist. Due notice will be given.

Aucun signaleur ne sera compétent à recevoir cette paie à moins d'être porteur d'un certificat d'aide-instructeur ou un certificat du grade "B".

(9) Le système posé dans les "instructions des signaux" devra être suivi. Vu que les signaleurs d'un corps peuvent à tout moment être appelés à communiquer avec ceux d'une autre unité, un système est absolument nécessaire.

(10) Dans les unités munies d'instructeurs porteurs de certificats, des classes seront formées pour l'instruction régimentaire sous contrôle régimentaire.

(11) Les membres d'une classe de signaux suivant un cours d'instruction, seront exemptés des devoirs qui gêneraient leur cours.

(12) Les officiers commandants seront tenus responsables de ce que leurs signaleurs soient parfaitement dressés dans l'héliographe, la lampe, le pavillon et le sémaphore, et que le nombre de leurs signaleurs soit tenu au complet et prêts à passer l'inspection en tout temps de l'année.

(13) Les signaleurs régimentaires dans les unités permanentes auront au moins trois jours de pratique chaque semaine pendant toute l'année. La pratique en brigade aura lieu aussi chaque fois que possible, sous la surveillance de l'officier signaleur de district ou un instructeur choisi.

(17) Un rapport sur l'efficacité des unités inspectées sera, après chaque inspection, expédié (sur la formule A.F. B225) par l'inspecteur des signaux au conseil de la milice. Les signaleurs des unités qui sont indiqués dans le rapport annuel de l'inspecteur des signaux comme ayant passé l'examen, auront le droit de porter des insignes et de recevoir la gratification autorisée par le paragraphe 20. Les signaleurs d'un corps quelconque qui manquent de passer l'examen à l'inspection annuelle ne devront pas porter d'insignes durant l'année.

(18) L'inspecteur des signaux pourra être accompagné, dans la tournée annuelle d'inspecteur, d'un aide-inspecteur du personnel enseignant des signaux.

*Effectifs de signaleurs pour la milice active.*

Un officier..... $5.00
Un sous-officier ou homme... 3.00

Les sous-officiers et hommes qui obtiennent les coëfficients pour un certificat de la classe "B" pourront porter des insignes.

(21) Les "Signalling Instructions" pour l'armée britannique seront le livre de classe.

*Corps urbains.*

Les cours d'instruction pour les corps urbains comprendront autant que possible le résumé posé pour les corps permanents.

L'usage de l'héliographe est facultatif.

*Corps ruraux.*

(23) Le cours d'instruction pour les corps aux camps annuels sera limité à envoyer et lire facilement les messages par sémaphore. Ceci n'empêchera pas les officiers et hommes de suivre un cours complet d'instruction en d'autres temps.

*Cours d'instruction.*

(24) Afin que les officiers, sous-officiers et hommes des corps permanents puissent se rendre complètement compétents pour la position d'instructeurs et d'aides-instructeurs, et aussi dans le but de créer un système uniforme de signaux pour toute la milice canadienne, des cours d'instruction seront conduits sous la surveillance de l'inspecteur des signaux aux divers chefs-lieux permanents, tel qu'annoncé de temps à autre dans les Ordres de milice.

(25) Les officiers et sous-officiers de la milice active, y compris le corps de signaleurs, pourront assister aux classes, s'il y a des vacances. Avis sera donné.

Chaque classe durera de six semaines à deux mois.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

SAML. E. ST. O. CHAPLEAU,
Greffier du Sénat

28th December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 12th December, 1895, from the Minister of the Interior, submitting herewith, a copy of a Memorial dated 27th March, 1895, presented to him by the Very Reverend Father Lacombe, O.M.I., on behalf of His Grace the Archbishop of St. Boniface and Their Lordships the Bishops of St. Albert and Prince Albert, with regard to the establishment by them of an Industrial School and the reservation in connection therewith of a tract of four townships of Dominion Lands in the District of Alberta, with a view to the betterment of the present destitute condition of the majority of the Half-breed population of Manitoba and the North-west Territories, as well as a report on the subject made by his Deputy, of which he, the Minister, approves.

The Minister in recommending that the requisite authority be granted under the provisions of subclause (*h*) of clause 90 of The Dominion Lands Act to carry into effect the terms of his Deputy's report above referred to, takes the opportunity of expressing the gratification which he feels at the formal acknowledgment made in the Memorial, coming as it does from Father Lacombe, whose whole life has been devoted to the aboriginal races of this country, and whose testimony on the subject is more valuable than that of any other person, of the just and liberal treatment extended at all times to the Half-breeds of Manitoba and the North-west Territories by the Government of Canada

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

4th July, 1896.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated the 25th June, 1896, from the Minister of the Interior, stating that the Board of Management of the Half-Breed Colony of St. Paul des Metis have submitted an application to have made out into lots of 80 acres, instead of 40 acres as at present authorized, the tract of four townships of Dominion Lands which, under the provisions of the Order in Council of 28th December, 1895, they are permitted to hold under lease, for the purposes of the Half-Breed Colony proposed to be founded.

The Minister desires to point out that, on re-consideration, the Board of Management have come to the conclusion that the maximum area of 40 acres, provided by the Order in Council above mentioned, which at first they deemed sufficient for the object in view, is now considered too small to ensure the success of the families which may be induced to settle within the Colony.

The Minister observes that the change proposed by the Board of Management is one which does not in any way affect the general nature of the scheme.

The Minister, inasmuch as there does not appear to be any reasonable objection to increasing the area of the lots, recommends that the application of the Board of Management be favourably entertained, and that the maximum area of the lots to be sub-leased to each Half-Breed family by the Board be increased to 80 acres accordingly.

The Committee submit the foregoing for Your Excellency's approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

Tuesday, the 11th day of August, 1896

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it would be advisable in the interest of the Half-Breed Colony of St. Paul de Metis that certain of the lands allotted for the Half-Breed settlement should be laid out into lots ten chains wide and one mile deep containing 80 acres each, such lots being formed by subdividing each section into eight lots of the size above mentioned, fronting on a sectional road allowance, and whereas such surveys are allowed by clause 21 of the Dominion Lands Act :

His Excellency, in virtue of the powers conferred upon him by clause 90 of the Dominion Lands Act and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that certain of the lands allotted for the Half-Breed settlement of St. Paul des Metis shall be laid out into lots ten chains wide and one mile deep containing 80 acres each, such lots being formed by subdividing each section into eight lots of the size above mentioned, fronting on a sectional road allowance.

His Excellency is further pleased to order that a road allowance be left in every case on the sectional line dividing the said lots, whether or not such road is provided for by the existing regulations.

Thursday, the 9th day of March, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL

ON a Report dated 3rd March, 1905, from the Minister of Marine and Fisheries, stating that he has had under further consideration the application in regard to the proposed change of name of certain of the steamers of the Richelieu and Ontario Navigation Company, for permission to change the name of the steamer *Spartan* of the Port of Montreal, Official Number none, to that of *Belleville*, that City being one of the ports on the steamer's route, and the company being desirous of giving their steamers the names of the principal cities, towns and rivers along such route.

The Minister further states that the vessel is unencumbered and is certified by the Government Steamboat Inspectors at Kingston, Ontario, to be seaworthy.

The formal consent of the registered owners of the vessel to the proposed change of name has been filed with the Department of Marine and Fisheries.

The Minister recommends as there appears to be no objection to the applicant's request being complied with, that, under the provisions of section 21 of chapter 72 of the Revised Statutes of Canada, permission be granted to change the name of the said steamer *Spartan* to that of *Belleville*.

The Committee submit the same for approval.

ON a Memorandum dated 23rd December, 1904, from the Minister of the Interior, stating that by an Order in Council of the 26th of April, 1904, authority was given to permit Captain Henry Havelock Norwood to construct a reservoir on Bonanza Creek in the Yukon Territory, and to store, divert, distribute and dispose of 3,000 miners' inches of the unentered and unappropriated waters of that stream, for a period of twenty-five years, for use in connection with mining operations.

The Minister further states that No. 2 of the terms and conditions under which the permission referred to was granted reads as follows :—

"That before the construction of the dam be commenced the applicant shall secure the ownership of "all claims in good standing, the operations on which "would be interfered with by reason of the construc- "tion of the dam and the storing of the water."

That from representations made to the Department of the Interior it would appear to be advisable to grant some relaxation in the terms of this condition.

The Minister therefore recommends that the above section of the Order in Council of the 26th April, 1904, be rescinded and that the following be substituted therefor :—

"2. That before the applicant shall be permitted to "enter upon or occupy any mining claim in good "standing, and before he shall be permitted to inter- "fere with or damage any such claim by reason of the "construction of the dam or the storing of the water, "he shall first be required to secure the ownership of "such claim."

The Minister submits that section 3 of the terms and conditions under which the grant to Captain Norwood was made also provides that the applicant shall, within one year from the 26th April, 1904, furnish proof through and by the Government Mining Engineer, to the satisfaction of the Minister of the Interior, that he has expended not less than $5,000 in the actual construction of the works necessary for the storage of water.

That Captain Norwood represents that he has recently expended about $35,000 in the construction of a ditch along the right limit of Bonanza Creek, for the conveyance of water from that stream at claim No. 57 above Discovery, and the Government Mining Engineer to whom the matter was submitted, confirmed the statement made by Captain Norwood as to the expenditure incurred in this connection.

The Minister recommends, therefore, that provided it can be shown to his satisfaction that the works, in the construction of which the above expenditure or $35,000 was incurred, are a necessary part of the works contemplated in the Order in Council of the 26th of April, 1904, he be authorized to accept the same as compliance with the provisions of section 3 of the

terms and conditions under which the grant to Captain Norwood was made, in respect of expenditure during the first year from the date of such grant, and provided this expenditure is accepted as satisfactory that he be further authorized to permit Captain Norwood to proceed with the diversion of the water granted him by Order in Council dated the 26th of April, 1904, without waiting for the construction of the dam referred to therein.

The Minister represents that by an Order in Council dated the 23rd of July, 1904, authority was given to permit Captain Norwood to construct the dam above referred to at or below the junction of Carmack's Fork with Bonanza Creek, provided, however, that no portion of the dam or reservoir shall be located or created below the lower limit of Claim No. 57 above Discovery on Bonanza Creek.

That between claims numbered 56 and 57 above Discovery there is a small fractional claim, known as No. 56 A., owned by the applicant, upon which he desires to construct a portion of the dam referred to.

The Minister recommends therefore that the Order in Council of the 23rd of July last above referred to, be amended, so as to provide that no portion of the dam or reservoir shall be located or created below the upper limit of Claim No. 56 above Discovery on Bonanza Creek.

The Committee submit the same for approval.

## ARRETÉS EN CONSEIL.

[Renv. 395,123].

HOTEL DU GOUVERNEMENT À OTTAWA.

28 décembre 1895.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 12 de décembre 1895, du ministre de l'Intérieur, soumettant copie d'un mémoire daté le 27 de mars 1895, à lui présenté par le Très révérend Père Lacombe, O.M.I., au nom de Sa Grâce l'Archevêque de St-Albert et de Leurs Seigneuries les évêques de St-Albert et Prince-Albert, concernant l'établissement par eux d'une école industrielle, et la réserve à cet égard de quatre cantons des terres fédérales dans le district d'Alberta, en vue d'améliorer l'état de détresse de la majorité de la population métisse du Manitoba et des territoires du Nord-Ouest, ainsi qu'un rapport sur le sujet fait par son député, que lui, le Ministre, approuve.

Le Ministre, en recommandant qu'autorisation soit donnée, en vertu des dispositions du paragraphe (*h*) de la clause 90 de l'*Acte des terres fédérales*, de mettre à exécution les termes du rapport de son député, saisit l'occasion d'exprimer le plaisir qu'il éprouve en constatant que le Père Lacombe, qui a passé sa vie au service des races aborigènes de ce pays, et dont le témoignage sur le sujet est plus précieux que celui d'aucune autre personne, reconnaît formellement le traitement juste et libéral accordé en tout temps aux Métis du Manitoba et des territoires du Nord-Ouest par le gouvernement du Canada.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE.

4 juillet 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 25 de juin 1896 du ministre de l'Intérieur, disant que le conseil d'administration de la colonie métisse de St-Paul des Métis a soumis une pétition demandant que les quatre cantons de terres fédérales, qu'ils ont droit d'occuper à bail, pour les fins de la colonie métisse projetée, en vertu de l'arrêté en conseil du 28 décembre 1895, soient disposés en lots de 80 acres au lieu de 40 comme à présent.

Le Ministre désire faire remarquer, que le conseil d'administration, après avoir réfléchi, en est venu à la conclusion que l'étendue maximum de 40 acres, telle qu'établie par l'arrêté en conseil ci-dessus mentionné, qui semblait en premier leur être suffisante pour l'objet en vue, est aujourd'hui considérée trop petite pour assurer le succès des familles qui ont été induites à se fixer dans la colonie.

Le Ministre observe que le changement proposé par le conseil d'administration n'affecte en rien la nature générale du projet.

Le Ministre, vu qu'il n'existe pas d'objection raisonnable à l'augmentation de l'étendue des lots, recommande que la requête du conseil d'administration soit favorablement considérée, et que l'étendue maximum des lots à sous-louer par le conseil à chaque famille métisse soit augmentée à 80 acres.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

40-4 Greffier du Conseil privé.

Il plaît à Son Excellence, en vertu des pouvoirs qui lui sont conférés par la clause 90 de l'*Acte des terres fédérales*, et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que certaines terres réparties à la colonie métisse de Saint-Paul des Métis soient disposées en lots de dix chaînes de largeur sur un mille de profondeur, contenant 80 acres chacun, ces lots étant formés en subdivisant chaque section en huit lots de la grandeur ci-dessus mentionnée, ayant front sur à la réserve de chemin.

Il plaît en outre à Son Excellence, d'ordonner qu'une réserve de chemin soit laissée dans chaque cas sur la ligne sectionnelle divisant les lots, que ce chemin soit ou non établi par les règlements existants.

## DESPATCHES, ETC.

[Circular.]

DOWNING STREET,
2nd March, 1905.

SIR,—I have the honour to transmit to you for your information a copy of a circular despatch that I have addressed to the Governors of Crown Colonies intimating that His Majesty the King has been pleased to approve of a new white undress uniform that may be worn by members of the Colonial Civil Service in tropical countries.

2. Although the above description cannot be said to apply strictly to any of the Colonies possessing responsible Government, there may be certain seasons of the year when a white uniform would be preferred by officials in the colony under your Government to the ordinary Civil uniform ; and it may therefore be useful to you to know that the wearing of such an uniform has received His Majesty's sanction, more particularly as you will observe that in granting this concession His Majesty is desirous that there should no longer be any excuse for not wearing uniform on the many occasions when it is obviously desirable.

I have the honour to be,
Sir,
Your most obedient, humble Servant,
ALFRED LYTTELTON.

The Officer Administering
the Government of Canada.

[Circular.]

*Enclosure to Circular dated 2nd March, 1904.*

DOWNING STREET,
1st March, 1905.

SIR,—I have the honour to inform you that His Majesty the King has been pleased to approve of a new white undress uniform that may be worn by members of the Colonial Civil Service in tropical countries.

2. The uniform is to be of white drill, with a stand-up collar, on which is to be a detachable gorget of gold braid on a blue ground. The usual buttons will be worn, according to rank, as prescribed in the "Schedules of Civil Uniforms" issued from the Lord Chamberlain's Office, the general purport of which is embodied in the Colonial Regulations. The number of buttons on the cuffs will be according to rank, i.e.,

1st and 2nd class.....Three buttons.
3rd and 4th class.....Two "
5th class.....One "

The usual Civil Sword will be worn, the frog and scabbard being *underneath* the coat, the hilt appearing through a slit in the side of the coat.

Ribbons of decorations and medals will be worn half way between the first and second buttons.

No lace is worn on the trousers.

The uniform will be worn with a white helmet bearing on the front a gilt badge with the Royal arms and supporters.

3. The new uniform is to be worn on all ordinary occasions where the wearing of uniform is desirable, the following occasions being suggested as examples :—

(*a*) Receiving or returning the ceremonial visit of a Royal Personage or of a naval officer of whatever rank or nationality.

(*b*) Receiving or returning the visit of a Foreign Governor, Minister Plenipotentiary, or military officer of high rank.

(*c*) Receiving formal visits from the consular body.

(*d*) Receiving or returning visits of native Potentates or Chiefs.

(*e*) Review or inspection of Naval, Military, or Constabulary Forces.

(*f*) All outdoor official ceremonies held in the daytime, such as official landing, arrival, or departure of a Governor at a place within his administration, or on official visits to neighbouring localities ; inspection of buildings, laying foundation stones, etc.

4. The new uniform may, if so desired, be worn at Church, but should not be worn at any evening ceremony, except on occasions where naval or military

officers of any nationality are likely to be present in uniform.

5. Should it be necessary to wear the uniform mounted, white or dark blue pantaloons will be worn, with black or brown knee boots, and straight-necked steel hunting spurs. You are at liberty to choose between white or blue pantaloons of any material, and black or brown boots; but whichever is decided upon must be worn by all.

6. The ordinary Civil uniform will continue to be worn on the occasions of the celebration of the Sovereign's Birthday, the opening or closing of the Legislature, or any other special occasion, according to the discretion of the Officer Administering the Government.

7. It is to be understood that in making this concession His Majesty the King is desirous of providing the members of his Colonial Service with a simple and inexpensive uniform that shall be more convenient for wearing in hot climates than the ordinary Civil uniform. His Majesty has been led to believe that the wearing of the latter uniform has for climatic reasons practically fallen into abeyance on many occasions where uniform ought unquestionably to be worn; and it is His Majesty's desire that in future there should be no excuse for not wearing uniform on these occasions. The adoption of the white uniform in the colony under your Government is left to your discretion, but, should it be adopted, it will accordingly be your duty to see that the wearing of it is made compulsory on all such occasions as those I have indicated.

8. A sealed pattern of the new uniform has been deposited with the Crown Agents for the Colonies, and a sketch of the coat and helmet is enclosed for your further information.

I have the honour to be,
Sir,
Your most obedient, humble Servant,

41-3 ALFRED LYTTELTON.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

28th December, 1895.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 12th December, 1895, from the Minister of the Interior, submitting herewith, a copy of a Memorial dated 27th March, 1895, presented to him by the Very Reverend Father Lacombe, O.M.I., on behalf of His Grace the Archbishop of St. Boniface and Their Lordships the Bishops of St. Albert and Prince Albert, with regard to the establishment by them of an Industrial School and the reservati n in connection therewith of a tract of four townships of Dominion Lands in the District of Alberta, with a view to the betterment of the present destitute condition of the majority of the Half-breed population of Manitoba and the North-west Territories, as well as a report on the subject made by his Deputy, of which he, the Minister, approves.

The Minister in recommending that the requisite authority be granted under the provisions of subclause (*h*) of clause 90 of The Dominion Lands Act to carry into effect the terms of his Deputy's report above referred to, takes the opportunity of expressing the gratification which he feels at the formal acknowledgment made in the Memorial, coming as it does from Father Lacombe, whose whole life has been devoted to the aboriginal races of this country, and whose testimony on the subject is more valuable than that of any other person, of the just and liberal treatment extended at all times to the Half-breeds of Manitoba and the North-west Territories by the Government of Canada

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

4th July, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated the 25th June, 1896, from the Minister of the Interior, stating that the Board of Management of the Half-Breed Colony of St. Paul des Metis have submitted an application to have made out into lots of 80 acres, instead of 40 acres as at present authorized, the tract of four townships of Dominion Lands which, under the provisions of the Order in Council of 28th December, 1895, they are permitted to hold under lease, for the purposes of the Half-Breed Colony proposed to be founded.

The Minister desires to point out that, on re-consideration, the Board of Management have come to the conclusion that the maximum area of 40 acres, provided by the Order in Council above mentioned, which at first they deemed sufficient for the object in view, is now considered too small to ensure the success of the families which may be induced to settle within the Colony.

The Minister observes that the change proposed by the Board of Management is one which does not in any way affect the general nature of the scheme.

The Minister, inasmuch as there does not appear to be any reasonable objection to increasing the area of the lots, recommends that the application of the Board of Management be favourably entertained, and that the maximum area of the lots to be sub-leased to each Half-Breed family by the Board be increased to 80 acres accordingly.

The Committee submit the foregoing for Your Excellency's approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of August, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it would be advisable in the interest of the Half-Breed Colony of St. Paul de Metis that certain of the lands allotted for the Half-Breed settlement should be laid out into lots ten chains wide and one mile deep containing 80 acres each, such lots being formed by subdividing each section into eight lots of the size above mentioned, fronting on a sectional road allowance, and whereas such surveys are allowed by clause 21 of the Dominion Lands Act:

His Excellency, in virtue of the powers conferred upon him by clause 90 of the Dominion Lands Act and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that certain of the lands allotted for the Half-Breed settlement of St. Paul des Metis shall be laid out into lots ten chains wide and one mile deep containing 80 acres each, such lots being formed by subdividing each section into eight lots of the size above mentioned, fronting on a sectional road allowance.

His Excellency is further pleased to order that a road allowance be left in every case on the sectional line dividing the said lots, whether or not such road is provided for by the existing regulations.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 28th day of February, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 23rd December, 1904, from the Minister of the Interior, stating that by an Order in Council of the 26th of April, 1904, authority was given to permit Captain Henry Havelock Norwood to construct a reservoir on Bonanza Creek in the Yukon Territory, and to store, divert, distribute and dispose of 3,000 miners' inches of the unentered and unappropriated waters of that stream, for a period of twenty-five years, for use in connection with mining operations.

The Minister further states that No. 2 of the terms and conditions under which the permission referred to was granted reads as follows:—

"That before the construction of the dam be com-
"menced the applicant shall secure the ownership of
"all claims in good standing, the operations on which
"would be interfered with by reason of the construc-
"tion of the dam and the storing of the water."

That from representations made to the Department of the Interior it would appear to be advisable to grant some relaxation in the terms of this condition.

The Minister therefore recommends that the above section of the Order in Council of the 26th April, 1904, be rescinded and that the following be substituted therefor:—

"2. That before the applicant shall be permitted to
"enter upon or occupy any mining claim in good
"standing, and before he shall be permitted to inter-
"fere with or damage any such claim by reason of the
"construction of the dam or the storing of the water,
"he shall first be required to secure the ownership of
"such claim."

The Minister submits that section 3 of the terms and conditions under which the grant to Captain Norwood was made also provides that the applicant shall, within one year from the 26th April, 1904, furnish proof through and by the Government Mining Engineer, to the satisfaction of the Minister of the Interior, that he has expended not less than $5,000 in the actual construction of the works necessary for the storage of water.

That Captain Norwood represents that he has recently expended about $35,000 in the construction of a ditch along the right limit of Bonanza Creek, for the conveyance of water from that stream at claim No. 57 above Discovery, and the Government Mining Engineer to whom the matter was submitted, confirmed the statement made by Captain Norwood as to the expenditure incurred in this connection.

The Minister recommends, therefore, that provided it can be shown to his satisfaction that the works, in the construction of which the above expenditure or $35,000 was incurred, are a necessary part of the works contemplated in the Order in Council of the 26th of April, 1904, he be authorized to accept the same as compliance with the provisions of section 3 of the terms and conditions under which the grant to Captain Norwood was made, in respect of expenditure during the first year from the date of such grant, and provided this expenditure is accepted as satisfactory that he be further authorized to permit Captain Norwood to proceed with the diversion of the water granted him by Order in Council dated the 26th of April, 1904, without waiting for the construction of the dam referred to therein.

The Minister represents that by an Order in Council dated the 23rd of July, 1904, authority was given to permit Captain Norwood to construct the dam above referred to at or below the junction of Carmack's Fork with Bonanza Creek, provided, however, that no portion of the dam or reservoir shall be located or created below the lower limit of Claim No. 57 above Discovery on Bonanza Creek.

That between claims numbered 56 and 57 above Discovery there is a small fractional claim, known as No. 56 A., owned by the applicant, upon which he desires to construct a portion of the dam referred to.

The Minister recommends therefore that the Order in Council of the 23rd of July last above referred to, be amended, so as to provide that no portion of the dam or reservoir shall be located or created below the upper limit of Claim No. 56 above Discovery on Bonanza Creek.

The Committee submit the same for approval.

JOHN J. McGEE,
38-4 Clerk of the Privy Council.

Monday, the 13th day of March, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS representations have been made that unless summer fishing is prohibited in a number of the smaller lakes of Manitoba, they will be depleted of their supply of fish which would result in much hardship to the settlers,—

The Governor General in Council is pleased, in virtue of the provisions of section 16 of The Fisheries Act, chapter 95 of the Revised Statutes of Canada, to order, and it is hereby ordered, that no fishing be allowed in Lakes Manitoba, St. Martin, Portage Bay, Water Hen, Dog and Shoal, from the 1st day of April to the 30th day of November, in each year, both days inclusive.

JOHN J. McGEE,
39-3 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 7th day of March, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 19th January 1905, from the Minister of the Interior, stating that the Zion Cemetery Company, which has been incorporated under the Cemetery Ordinances of the North-west Territories, has made application for one acre of land in the N.W. ¼ Section 6, Township 50, Range 18, west fourth meridian, for Cemetery purposes.

The Minister further states that the necessary relinquishment of the one acre in question has been received from Mr. Mark Hanson, the homesteader of this quarter section, and that the usual patent fee of $10 has also been remitted.

The Minister therefore recommends that he be authorized, under clause 31 of The Dominion Lands Act, to convey the said one acre to the Zion Cemetery Company for the said purposes.

The Committee submit the same for approval.

## ARRÊTÉS EN CONSEIL.

[Renv. 395,123].

HOTEL DU GOUVERNEMENT À OTTAWA.

28 décembre 1895.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 12 de décembre 1895, du ministre de l'Intérieur, soumettant copie d'un mémoire daté le 27 de mars 1895, à lui présenté par le Très révérend Père Lacombe, O.M.I., au nom de Sa Grâce l'Archevêque de St-Albert et de Leurs Seigneuries les évêques de St-Albert et Prince-Albert, concernant l'établissement par eux d'une école industrielle, et la réserve à cet égard de quatre cantons des terres fédérales dans le district d'Alberta, en vue d'améliorer l'état de détresse de la majorité de la population métisse du Manitoba et des territoires du Nord-Ouest, ainsi qu'un rapport sur le sujet fait par son député, que lui, le Ministre, approuve.

Le Ministre, en recommandant qu'autorisation soit donnée, en vertu des dispositions du paragraphe (*h*) de la clause 90 de l'*Acte des terres fédérales*, de mettre à exécution les termes du rapport de son député, saisit l'occasion d'exprimer le plaisir qu'il éprouve en constatant que le Père Lacombe, qui a passé sa vie au service des races aborigènes de ce pays, et dont le témoignage sur le sujet est plus précieux que celui d'aucune autre personne, reconnaît formellement le traitement juste et libéral accordé en tout temps aux Métis du Manitoba et des territoires du Nord-Ouest par le gouvernement du Canada.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE.
40–4 Greffier du Conseil privé.

4 juillet 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 25 de juin 1896 du ministre de l'Intérieur, disant que le conseil d'administration de la colonie métisse de St-Paul des Métis a soumis une pétition demandant que les quatre cantons de terres fédérales, qu'ils ont droit d'occuper à bail, pour les fins de la colonie métisse projetée, en vertu de l'arrêté en conseil du 28 décembre 1895, soient disposés en lots de 80 acres au lieu de 40 comme à présent.

Le Ministre désire faire remarquer, que le conseil d'administration, après avoir réfléchi, en est venu à la conclusion que l'étendue maximum de 40 acres, telle qu'établie par l'arrêté en conseil ci-dessus mentionné, qui semblait en premier leur être suffisante pour l'objet en vue, est aujourd'hui considérée trop petite pour assurer le succès des familles qui ont été induites à se fixer dans la colonie.

Le Ministre observe que le changement proposé par le conseil d'administration n'affecte en rien la nature générale du projet.

Le Ministre, vu qu'il n'existe pas d'objection raisonnable à l'augmentation de l'étendue des lots, recommande que la requête du conseil d'administration soit favorablement considérée, et que l'étendue maximum des lots à sous-louer par le conseil à chaque famille métisse soit augmentée à 80 acres.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
40–4 Greffier du Conseil privé.

Mardi, le 11e jour d'août 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il convient dans l'intérêt de la colonie métisse de Saint-Paul des Métis que certaines terres réparties aux colons métis soient disposées en lots d'une largeur de dix chaînes sur une profondeur de un mille, contenant 80 acres chacun, ces lots étant formés par la subdivision de chaque section en huit lots de la grandeur ci-dessus mentionnée, ayant front sur la réserve de chemin, et attendu que ces arpentages sont permis par la clause 21 de l'*Acte des terres fédérales*,—

Il plaît à Son Excellence, en vertu des pouvoirs qui lui sont conférés par la clause 90 de l'*Acte des terres fédérales*, et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que certaines terres réparties à la colonie métisse de Saint-Paul des Métis soient disposées en lots de dix chaînes de largeur sur

un mille de profondeur, contenant 80 acres chacun, ces lots étant formés en subdivisant chaque section en huit lots de la grandeur ci-dessus mentionnée, ayant front sur à la réserve de chemin.

Il plaît en outre à Son Excellence, d'ordonner qu'une réserve de chemin soit laissée dans chaque cas sur la ligne sectionnelle divisant les lots, que ce chemin soit ou non établi par les règlements existants.

JOHN J. McGEE,
40-4 Greffier du Conseil privé.

Lundi, le 13e jour de mars 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il a été représenté que si la pêche d'été n'est pas défendue dans plusieurs des petits lacs du Manitoba, ils seront bientôt épuisés de leur approvisionnement de poisson, ce qui causerait beaucoup de tort aux colons,—

Il plaît au Gouverneur général en conseil, en vertu des dispositions de l'article 16 de l'*Acte des pêcheries*, chapitre 95 des Statuts Revisés du Canada, d'ordonner, et il est par le présent ordonné, qu'il ne sera pas permis de pêcher dans les lacs Manitoba, St-Martin, Portage Bay, Water Hen, Dog et Shoal, depuis le 1er jour d'avril jusqu'au 30e jour de novembre, de chaque année, ces deux jours inclusivement.

## DESPATCHES, ETC.

*Circular.* (1)

DOWNING STREET,
18th March, 1905.

SIR,—I have the honour to inform you that, in view of the difficulty experienced in establishing the nationality of the claimants when the British claims recently came up for examination before the Venezuelan Claims Commission, it has been decided by His Majesty's Government to encourage as much as possible the practice of registration at His Majesty's Consulates abroad, and more especially in the case of British subjects resorting to Central and South America; and the Secretary of State for Foreign Affairs has suggested the desirability of posting public notices at the various ports of emigration in the West Indies or other places in which it may seem advisable, impressing upon all emigrants of British nationality the advisability of having themselves registered at a British Consulate on the earliest opportunity after arrival at their destination, and warning them against the difficulties which their failure to do so may entail.

2. I enclose for the information of your Ministers a copy of the new Regulations which have been issued to His Majesty's Consular Officers abroad on the subject, and have to request you to invite your Government to consider the necessity for the issue of a notification for the guidance of any emigrants to Foreign countries from the Colony under your Government, calling their attention to the new Consular Regulations affecting this matter.

I have the honour to be,
Sir,
Your most obedient, humble Servant,

ALFRED LYTTELTON.

The Officer Administering
the Government of Canada.

### REGISTRATION OF BRITISH SUBJECTS.

Every British subject is entitled, should he desire to do so, to register himself at a British Consulate, and to obtain a certificate that he is so registered.

Where it is desirable, on account of the number of persons presenting themselves for registration or for other reasons, to keep a special register of British subjects, it should be kept in accordance with the provisions of this circular.

The register should contain the particulars provided for in the form of Annex 1.

An applicant for registration should be required to fill up a form (Annex 2), and should not be registered until his claim has been established to the satisfaction of the Consular officer.

British-protected persons should be registered in the register of British subjects, but the fact that they are British-protected persons should be noted in the register.

An applicant of European descent, who is not personally known to the Consular officer, claiming British nationality on the ground of birth within the British Dominions should produce a letter from some known and responsible person certifying to his identity and British nationality, or satisfactory evidence of some other description.

Where British nationality is claimed under the statute 4 Geo. II, cap. 21, *i.e.*, on the ground that the claimant's father was a natural-born British subject though the claimant was born abroad, the following evidence should be required :—

(*a.*) A certificate of the birth of the applicant.
(*b.*) The marriage certificate of the parents.
(*c.*) The birth certificate of the father.

Where the nationality is claimed by descent from the paternal grandfather under the statute 13 Geo. III, cap. 21, evidence in addition to that in paragraphs (*a*), (*b*), and (*c*) above should be required as to—

(*d.*) The marriage of the paternal grandparents.
(*e.*) The birth of the paternal grandfather within the British Dominions.

In the case of persons of Asiatic or West Indian descent, or of natives of Africa, the following evidence may in general be considered sufficient :—

(*a.*) A passport of certificate of British nationality issued to him as a British subject, or certificate of registration as a British subject, in British India or British possessions or by a British Consular officer;

(*b.*) A birth certificate showing that he was born within His Majesty's Dominions, or a certificate of naturalization in the United Kingdom; and

(*c.*) In either of the above cases such further evidence of identity as the Consular officer may think satisfactory.

Where the documents mentioned in (*a*) bear a date anterior to this circular, they should not be accepted as conclusive, if the Consular officer sees any reason to doubt the validity of the claim to British nationality; and where the passport has been issued more than six months, evidence may be required from the applicant that he has not changed his nationality since the issue of the passport.

Natives of British Protectorates, or of the territories of any Prince or State in India under the suzerainty of or in alliance with His Majesty, must produce a passport issued by His Majesty's Representative in their own country, together with evidence of identity if the Consular officer thinks necessary.

A British subject possessed of double nationality is entitled to registration (even though he may not be entitled to protection) in his country of origin.

A certificate of registration in the form of Annex 3 should be given on application to any person who is registered as a British subject or British-protected person on payment of fee No. 67. Where a person was registered before the issue of this circular, and the Consular officer is unaware whether the claim to British nationality was properly investigated before the entry was made, the Consular officer should obtain further evidence before the certificate is granted.

In cases where the Consular officer entertains doubt whether the applicant is entitled to registration, he should draw up a full statement of the facts and refer the matter to the Secretary of State for instructions.

[Circular.]

DOWNING STREET,

2nd March, 1905.

SIR,—I have the honour to transmit to you for your information a copy of a circular despatch that I have addressed to the Governors of Crown Colonies intimating that His Majesty the King has been pleased to approve of a new white undress uniform that may be worn by members of the Colonial Civil Service in tropical countries.

2. Although the above description cannot be said to apply strictly to any of the Colonies possessing responsible Government, there may be certain seasons of the year when a white uniform would be preferred by officials in the colony under your Government to the ordinary Civil uniform ; and it may therefore be useful to you to know that the wearing of such an uniform has received His Majesty's sanction, more particularly as you will observe that in granting this concession His Majesty is desirous that there should no longer be any excuse for not wearing uniform on the many occasions when it is obviously desirable.

I have the honour to be,
Sir,
Your most obedient, humble Servant,
ALFRED LYTTELTON.

[Circular.]

*Enclosure to Circular dated 2nd March*, 1905.

DOWNING STREET,

1st March, 1905.

SIR,—I have the honour to inform you that His Majesty the King has been pleased to approve of a new white undress uniform that may be worn by members of the Colonial Civil Service in tropical countries.

2. The uniform is to be of white drill, with a stand-up collar, on which is to be a detachable gorget of gold braid on a blue ground. The usual buttons will be worn, according to rank, as prescribed in the "Schedules of Civil Uniforms" issued from the Lord Chamberlain's Office, the general purport of which is embodied in the Colonial Regulations. The number of buttons on the cuffs will be according to rank, i.e.,

1st and 2nd class.....Three buttons.
3rd and 4th class.....Two "
5th class.....One "

The usual Civil Sword will be worn, the frog and scabbard being *underneath* the coat, the hilt appearing through a slit in the side of the coat.

Ribbons of decorations and medals will be worn half way between the first and second buttons.

No lace is worn on the trousers.

The uniform will be worn with a white helmet bearing on the front a gilt badge with the Royal arms and supporters.

3. The new uniform is to be worn on all ordinary occasions where the wearing of uniform is desirable, the following occasions being suggested as examples :—

(*a*) Receiving or returning the ceremonial visit of a Royal Personage or of a naval officer of whatever rank or nationality.

(*b*) Receiving or returning the visit of a Foreign Governor, Minister Plenipotentiary, or military officer of high rank.

(*c*) Receiving formal visits from the consular body.

(*d*) Receiving or returning visits of native Potentates or Chiefs.

(*e*) Review or inspection of Naval, Military, or Constabulary Forces.

(*f*) All outdoor official ceremonies held in the daytime, such as official landing, arrival, or departure of a Governor at a place within his administration, or on official visits to neighbouring localities ; inspection of buildings, laying foundation stones, etc.

4. The new uniform may, if so desired, be worn at Church, but should not be worn at any evening ceremony, except on occasions where naval or military officers of any nationality are likely to be present in uniform.

5. Should it be necessary to wear the uniform mounted, white or dark blue pantaloons will be worn, with black or brown knee boots, and straight-necked steel hunting spurs. You are at liberty to choose between white or blue pantaloons of any material, and black or brown boots ; but whichever is decided upon must be worn by all.

6. The ordinary Civil uniform will continue to be worn on the occasions of the celebration of the Sovereign's Birthday, the opening or closing of the Legislature, or any other special occasion, according to the discretion of the Officer Administering the Government.

7. It is to be understood that in making this concession His Majesty the King is desirous of providing the members of his Colonial Service with a simple and inexpensive uniform that shall be more convenient for wearing in hot climates than the ordinary Civil uniform. His Majesty has been led to believe that the wearing of the latter uniform has for climatic reasons practically fallen into abeyance on many occasions where uniform ought unquestionably to be worn ; and it is His Majesty's desire that in future there should be no excuse for not wearing uniform

on these occasions. The adoption of the white uniform in the colony under your Government is left to your discretion, but, should it be adopted, it will accordingly be your duty to see that the wearing of it is made compulsory on all such occasions as those I have indicated.

8. A sealed pattern of the new uniform has been deposited with the Crown Agents for the Colonies, and a sketch of the coat and helmet is enclosed for your further information.

I have the honour to be,
Sir,
Your most obedient, humble Servant,

41-3 ALFRED LYTTELTON.

24. This order shall apply to all schemes filed under the said Act, and to all proceedings to be had under the said Act; provided always, that all proceedings taken under the said Act before this order shall have come into operation shall have the same validity as they would have had if this order had not been made.

AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 4th day of April, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 1st March, 1905, from the Acting Minister of the Interior, stating that Donald McDonald, who entered as a homestead on the 29th January, 1890, for the north west quarter of Section 6, Township 15, Range 32, west first meridian, gave a statutory lien, under clause 44 of The Dominion Lands Act, for $494 which bears interest at the rate of four and six-tenths per cent per annum from the 16th September, 1899, which lien still stands against the land, to the Commissioners for the administration of the funds provided by Parliament or otherwise for the purpose of assisting colonization in Canada from the congested districts in the Western Highlands and Islands of Scotland and in Ireland.

The Minister further states that the entrant subsequently died and his entry was cancelled in June 1902, on account of the homestead conditions not having been fulfilled ; and under the provisions of the said clause of the Dominion Lands Act a patent should thereupon have been issued to the lien holders.

The Minister further states that as it was represented that one Alexander McDonald, a nephew of the original entrant, who desired to enter for the land as a homestead, was the only son and help of his mother, who had a homestead near the land, a homestead entry for the quarter section in question was granted to the said Alexander McDonald, who made his entry on the 24th August, 1903, and in whose name the land still stands.

The Minister further states that Mr. J. G. Colmer, C.M.C., has recently represented that the Commissioners would be willing to waive their rights in connection with the quarter section, provided other land was patented to them of sufficient value to cover the late Donald McDonald's indebtedness to them, and that the parcel in question being of exceptional value from its position, they would accept in full settlement of their claim two quarter sections of land, in which case they would remove the lien from the above mentioned land.

The Minister submits that in his opinion the request made by Mr. Colmer should be complied with.

The Minister therefore recommends that he be authorized to grant the Commissioners two quarter sections of any available Dominion Lands of the class open to homestead entry in full settlement of their claim in connection with the north west quarter of Section 6, Township 15, Range 32, West First Meridian.

The Committee submit the same for approval.

JOHN J. McGEE,
42-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 4th day of April, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS it is deemed advisable to prohibit vessels from anchoring in the Harbour of Victoria, B.C., within the limits established by Order in Council dated 9th October, 1900, excepting temporarily whilst measures are being taken to bring them to some of the nearby wharves or to move them to the upper part of the harbour.

The Governor General in Council is pleased, in virtue of the provisions of chapter 86 of the Revised Statutes of Canada, intituled "An Act respecting Harbour Masters" to order that the said Order in Council of the 9th of October, 1900, shall be and the same is hereby cancelled and that the following regulation be added to the general rules and regulations for the government of Ports in the Provinces of Nova Scotia, New Brunswick, Quebec, Ontario, British Columbia and Prince Edward Island which have been made and established under the provisions of the said Act by Order of the Governor in Council dated 12th January, 1889.

AT THE GOVERNMENT HOUSE AT OTTAWA.

28th December, 1895.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 12th December, 1895, from the Minister of the Interior, submitting herewith, a copy of a Memorial dated 27th March, 1895, presented to him by the Very Reverend Father Lacombe, O.M.I., on behalf of His Grace the Archbishop of St. Boniface

and Their Lordships the Bishops of St. Albert and Prince Albert, with regard to the establishment by them of an Industrial School and the reservation in connection therewith of a tract of four townships of Dominion Lands in the District of Alberta, with a view to the betterment of the present destitute condition of the majority of the Half-breed population of Manitoba and the North-west Territories, as well as a report on the subject made by his Deputy, of which he, the Minister, approves.

The Minister in recommending that the requisite authority be granted under the provisions of subclause (*h*) of clause 90 of The Dominion Lands Act to carry into effect the terms of his Deputy's report above referred to, takes the opportunity of expressing the gratification which he feels at the formal acknowledgment made in the Memorial, coming as it does from Father Lacombe, whose whole life has been devoted to the aboriginal races of this country, and whose testimony on the subject is more valuable than that of any other person, of the just and liberal treatment extended at all times to the Half-breeds of Manitoba and the North-west Territories by the Government of Canada

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

4th July, 1896

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated the 25th June, 1896, from the Minister of the Interior, stating that the Board of Management of the Half-Breed Colony of St. Paul des Metis have submitted an application to have made out into lots of 80 acres, instead of 40 acres as at present authorized, the tract of four townships of Dominion Lands which, under the provisions of the Order in Council of 28th December, 1895, they are permitted to hold under lease, for the purposes of the Half-Breed Colony proposed to be founded.

The Minister desires to point out that, on re-consideration, the Board of Management have come to the conclusion that the maximum area of 40 acres, provided by the Order in Council above mentioned, which at first they deemed sufficient for the object in view, is now considered too small to ensure the success of the families which may be induced to settle within the Colony.

The Minister observes that the change proposed by the Board of Management is one which does not in any way affect the general nature of the scheme.

The Minister, inasmuch as there does not appear to be any reasonable objection to increasing the area of the lots, recommends that the application of the Board of Management be favourably entertained, and that the maximum area of the lots to be sub-leased to each Half-Breed family by the Board be increased to 80 acres accordingly.

The Committee submit the foregoing for Your Excellency's approval.

JOHN J. McGEE,
39-4 Clerk of the Privy Council.

WHEREAS it would be advisable in the interest of the Half-Breed Colony of St. Paul de Metis that certain of the lands allotted for the Half-Breed settlement should be laid out into lots ten chains wide and one mile deep containing 80 acres each, such lots being formed by subdividing each section into eight lots of the size above mentioned, fronting on a sectional road allowance, and whereas such surveys are allowed by clause 21 of the Dominion Lands Act :

His Excellency, in virtue of the powers conferred upon him by clause 90 of the Dominion Lands Act and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that certain of the lands allotted for the Half-Breed settlement of St. Paul des Metis shall be laid out into lots ten chains wide and one mile deep containing 80 acres each, such lots being formed by subdividing each section into eight lots of the size above mentioned, fronting on a sectional road allowance.

His Excellency is further pleased to order that a road allowance be left in every case on the sectional line dividing the said lots, whether or not such road is provided for by the existing regulations.

## DÉPÊCHES, ETC.

*Circulaire.*

DOWNING STREET,
2 mars 1905.

MONSIEUR,—J'ai l'honneur de vous transmettre, pour votre renseignement, une copie d'une dépêche circulaire que j'ai adressée aux gouverneurs des colonies de la Couronne les informant que Sa Majesté le Roi a bien voulu approuver un nouvel uniforme blanc de petite tenue que pourront porter les membres du Service Civil Colonial dans les pays tropicaux.

2. Bien que l'on ne puisse dire que la précédente description s'applique strictement à aucune des colonies jouissant d'un gouvernement responsable, cependant il peut se faire que dans certaines saisons de l'année les fonctionnaires dans la colonie que vous administrés préféreraient un uniforme blanc à l'uniforme civil ordinaire ; et il vous serait donc utile de savoir que Sa Majesté permet de porter un tel uniforme, d'autant plus que vous observerez que Sa Majesté en accordant cette permission désire faire disparaître toute excuse de ne pas porter un uniforme dans les nombreuses occasions où un uniforme est évidemment désirable.

J'ai l'honneur d'être,
Monsieur,
Votre très humble serviteur,
ALFRED LYTTELTON.

A l'Administrateur
du gouvernement du Canada.

*Circulaire.*

DOWNING STREET,
1er mars 1905.

MONSIEUR,—J'ai l'honneur de vous informer que Sa Majesté le Roi a bien voulu approuver un nouvel uniforme blanc de petite tenue que pourront porter les membres du Service Civil Colonial dans les pays tropicaux.

2. L'uniforme sera de coutil blanc, avec collet droit sur lequel sera appliqué un hausse-col soutaché d'or sur un fond bleu. Les boutons seront selon le grades comme de coutume, tel que prescrit dans les "Schedules of Civil Uniforms" publiées par le bureau du Lord Chambellan, dont le sens général est incorporé dans les Règlements Coloniaux. Le nombre de boutons sur les parements sera selon le grade, c'est-à-dire—

1re et 2e classe.....Trois boutons.
3e et 4e classe.....Deux "
5e classe.....Un "

L'épée civile ordinaire sera portée, le pendant et le fourreau étant *en dessous* de l'habit, la garde paraissant par une fente dans le côté de l'habit.

Les rubans et décorations seront portés entre le premier et le second bouton.

Pas de galon sur les pantalons.

L'uniforme sera porté avec un casque blanc, portant sur le devant un insigne doré avec les armes royales et supports.

3. Le nouvel uniforme doit être porté dans toutes les occasions ordinaires où il est désirable qu'un uniforme soit porté, et les occasions ci-dessous sont suggérées comme exemples :—

(*a*) Recevoir ou remettre la visite de cérémonie d'un personnage royal ou d'un officier de marine, quel que soit son grade ou sa nationalité.

(*b*) Recevoir ou remettre la visite d'un gouverneur, ministre plénipotentiaire ou officier militaire étrangers de haut grade

(*c*) Recevoir les visites formelles du corps consulaire.

(*d*) Recevoir ou rendre les visites de potentats ou chefs natifs.

(*e*) La revue ou inspection de troupes navales, militaires ou constabulaires.

(*e*) Toutes cérémonies officielles en plein air tenues le jour, telles que le débarquement, arrivée ou départ officiel d'un gouverneur à un endroit dans les limites de son administration, ou en visites officielles à des localités environnantes ; l'inspection d'édifices, la pose de pierres angulaires, etc.

4. Le nouvel uniforme pourra être porté à l'église, si on le désire, mais ne doit pas être porté à aucune soirée, sauf dans les occasions où des officiers de marine ou militaires d'une nationalité quelconque seront en toute probabilité présents en uniforme.

5. S'il était nécessaire de porter l'uniforme à cheval, des pantalons blancs ou bleu foncé seront portés avec bottes noires ou brunes, et des éperons d'acier de chasse à cou droit. Le choix est laissé entre des pantalons blancs ou bleu foncé d'une étoffe quelconque, et des bottes noires ou brunes ; mais quelle que soit la couleur adoptée, tous devront la porter.

6. L'uniforme civil ordinaire continuera d'être porté lors de la célébration de la naissance du Souverain, l'ouverture ou fermeture de la Législature, ou dans toute autre occasion spéciale, au choix de l'administrateur du gouvernement.

7. Il est bien entendu que Sa Majesté le Roi en faisant cette concession est animé du désir de fournir aux membres de son service colonial un uniforme simple et peu dispendieux qui sera plus commode à porter dans les climats chauds que l'uniforme civil ordinaire. Sa Majesté a été informé que ce dernier uniforme a pratiquement cessé d'être porté dans maintes occasions dans lesquelles l'uniforme aurait dû être porté ; et Sa Majesté désire qu'à l'avenir il n'y ait plus d'excuse pour ne pas porter un uniforme en ces occasions. L'adoption d'un uniforme blanc dans la colonie que vous administrez est laissée à votre discrétion, mais s'il est adopté, il sera de votre devoir de veiller à ce que son emploi soit rendu obligatoire en toutes les occasions que j'ai indiquées.

8. Un patron scellé du nouvel uniforme a été déposé chez les agents de la Couronne pour les colonies, et un dessin de l'habit et du casque est inclus pour votre renseignement.

J'ai l'honneur d'être,
Monsieur,
Votre très obéissant serviteur,

42-3 ALFRED LYTTELTON.

*Circulaire.* (1)

DOWNING STREET,
18 mars 1905.

MONSIEUR,—J'ai l'honneur de vous informer qu'en vue des difficultés éprouvées pour constater la nationalité des requérants lors du récent examen des réclamations devant la Commission des réclamations du Venezuela, le gouvernement de Sa Majesté a décidé d'encourager autant que possible la pratique de l'enregistrement aux consulats de Sa Majesté à l'étranger, et plus spécialement dans le cas de sujets britanniques séjournant dans l'Amérique Centrale et l'Amérique du Sud ; et le Secrétaire d'État pour les affaires étrangères a suggéré l'opportunité d'afficher des avis publics aux divers ports d'immigration des Antilles ou aux autres endroits où cela semblera à propos, instruisant tous les immigrants de nationalité britannique de l'avantage qu'il y a de se faire enregistrer à un consulat britannique à la première occasion après leur arrivée à destination, et les avertissant des difficultés qui peuvent résulter de la négligence de le faire.

2. J'inclus pour l'information de vos ministres une copie des nouveaux règlements à ce sujet qui ont été transmis aux officiers consulaires de Sa Majesté à l'étranger, et je vous prie d'inviter votre Gouvernement à considérer la nécessité de publier un avis pour la gouverne des émigrants à des pays étrangers de la colonie sous votre gouvernement, attirant leur attention sur les nouveaux règlements consulaires à ce sujet.

J'ai l'honneur d'être,
Monsieur,
Votre très obéissant et très
humble serviteur,
ALFRED LYTTELTON.

du Gouvernement du Canada.

## ENREGISTREMENT DES SUJETS BRITANNIQUES.

Tout sujet britannique a droit, s'il le désire, de s'enregistrer à un consulat britannique et d'obtenir un certificat qu'il est ainsi enregistré.

Où il est opportun, en raison du nombre de personnes se présentant pour l'enregistrement ou pour d'autres raisons, de tenir un registre spécial des sujets britanniques, il devrait être tenu conformément aux dispositions de cette circulaire.

Le registre devrait contenir les détails prescrits dans la formule de l'annexe 1.

Celui qui se présente pour l'enregistrement sera requis de remplir la formule (Annexe 2), et ne devra pas être enregistré avant qu'il ait prouvé ses titres à la satisfaction de l'officier consulaire.

Les personnes sous le protectorat britannique devront être enregistrés dans le registre des sujets britanniques, mais le fait qu'elles sont sous le protectorat britannique sera noté dans le registre.

Un requérant de descendance européenne, qui n'est pas personnellement connu de l'officier consulaire, et qui se réclame de la nationalité britannique en raison de sa naissance dans les possessions britanniques, devra montrer une lettre de quelque personne connue et responsable certifiant de son identité et de sa nationalité britannique, ou des preuves satisfaisantes d'un autre genre.

Où l'on se réclame de la nationalité britannique en vertu du statut 4 Geo. II, chap. 21, savoir, en raison de ce que le père du requérant était un sujet britannique d'origine, bien que le requérant soit né à l'étranger, la preuve suivante sera requise :

(*a*) Un certificat de naissance du requérant.

(*b*) Le certificat de mariage des parents.

(*c*) Le certificat de naissance du père.

Où la nationalité est basée sur la descendance du grand-père paternel en vertu du statut 13 Geo. III, chap. 21, l'on devra exiger, en sus de la preuve susdite aux paragraphe (*a*), (*b*) et (*c*), des preuves—

(*d.*) Du mariage des grands parents paternels.

(*e.*) De la naissance du grand-père paternel dans les possessions britanniques.

Dans le cas de personnes d'origine asiatique ou africaine, ou des Indes Occidentales, les preuves suivantes pourront en général être estimées suffisantes :

(*a.*) Un passeport certifiant l'origine britannique qui lui aura été remis à titre de sujet britannique, ou un certificat d'enregistrement comme sujet britannique, dans l'Inde Anglaise ou dans les possessions britanniques, ou par un officier consulaire britannique ;

(*b.*) Un certificat de naissance montrant qu'il est né dans les possessions de Sa Majesté, ou un certificat de naturalisation dans le Royaume-Uni ; et

(*c.*) Dans l'un ou l'autre des cas ci-dessus toute autre preuve d'identité que l'officier consulaire croira satisfaisante.

Où les documents mentionnés au paragraphe (*a*) sont datés antérieurement à cette circulaire, ils ne devront pas être acceptés comme conclusifs, si l'officier consulaire a quelque raison de douter de la validité du titre à la nationalité britannique; et lorsque

l'émission du passeport remonte à plus de six mois, l'on pourra exiger du requérant des preuves qu'il n'a pas changé sa nationalité depuis l'émission du passeport.

Les personnes natives de protectorats britanniques, ou des territoires de quelque prince ou Etat de l'Inde en alliance avec Sa Majesté ou sous sa suzeraineté, doivent produire un passeport émis par le représentant de Sa Majesté dans leur propre pays, ainsi que la preuve de leur identité, si l'officier consulaire le juge nécessaire.

Un sujet britannique ayant une double nationalité a droit à l'enregistrement (même s'il n'a pas droit à la protection) dans son pays d'origine.

Un certificat d'enregistrement dans la formule de l'annexe 3 devra être remis sur demande à toute personne qui est enregistrée comme sujet britannique ou comme étant sous le protectorat britannique sur paiement de l'honoraire No 67. Lorsqu'une personne était enregistrée avant l'émission de cette circulaire, et que l'officier consulaire ignore si son titre à la nationalité britannique a été dûment examiné avant que l'entrée fut faite, l'officier consulaire devra exiger d'autres preuves avant d'accorder le certificat,

Dans les cas où l'officier consulaire doute si le requérant a droit à l'enregistrement, il devra faire un exposé complet des faits et référer le cas au Secrétaire d'Etat pour instructions.

Les inspecteurs vétérinaires sont par le présent autorisés à inspecter et soumettre à l'épreuve de la malléine les chevaux, mulets ou ânes atteints de la morve ou soupçonnée être ainsi atteints, ou qui sont venus en contact avec des animaux ainsi affectés ou soupçonnés être ainsi affectés, ou qui ont été de quelque manière exposés à la contagion ou infection de la maladie de la morve, et, dans le but de faire cette inspection ou épreuve, ordonner que ces animaux soient rassemblés, détenus et isolés.

5. Les chevaux, mulets ou ânes atteints de la morve, que ces animaux indiquent des symptômes de la maladie, ou qu'ils réagissent à l'épreuve de la malléine sans indiquer de tels symptômes, seront, sur un ordre signé par un inspecteur dûment nommé du ministère de l'Agriculture, immédiatement abattus, et leurs carcasses seront traitées tel qu'ordonné dans l'ordre, les propriétaires de ces animaux recevant une compensation selon les dispositions de l'acte.

6. Si le propriétaire s'oppose à l'abattage des animaux qui réagissent à l'épreuve de la malléine, mais n'indiquent aucuns symptômes climiques de la morve, l'inspecteur pourra ordonner que ces animaux soient gardés en stricte quarantaine, et éprouvés de nouveau, mais ces nouvelles épreuves ne dépasseront pas deux, et seront complétées dans les quatre mois de la première épreuve; pourvu, toutefois, que les propriétaires qui préfèrent mettre leurs animaux en quarantaine plutôt que de les abattre, perdront tout droit à une compensation.

7. Les chevaux, mulets et ânes qui réagissent à la troisième épreuve de la malléine, seront immédiatement abattus sur un ordre signé par un inspecteur, et les carcasses serant traitées tel qu'ordonné.

8. Les inspecteurs sont par le présent autorisés à permettre aux propriétaires de chevaux, mulets et ânes qui ne réagissent pas à la troisième épreuve de la malléine, et qui n'ont en aucun temps montré des symptômes cliniques de la morve, de retenir et employer ces animaux, sujet aux conditions contenues dans l'ordre ou l'avis signé par l'inspecteur.

9. Avant d'ordonner le paiement de l'indemnité dans aucun des cas susdits, le Ministre exigera la production d'un rapport satisfaisant, l'ordre d'abattage, le certificat d'évaluation et d'abattage, et le certificat du nettoyage et de désinfection, tous signés par un inspecteur.

10. Le certificat d'un inspecteur comportant qu'un animal a réagi à l'épreuve de la malléine, ou a montré des symptômes cliniques de la morve sera, pour les fins du dit acte et du présent arrêté, une preuve *prima facie* devant tous les tribunaux de justice et ailleurs des faits qui y sont attestés.

11. Chaque cour, étable, appentis ou autre endroit ou local, et chaque wagon, charrette, voiture, char ou autre véhicule, et chaque ustensile ou autre chose infecté de la morve, seront complètement nettoyés et désinfectés par et aux frais du propriétaire ou occupant à la satisfaction d'un inspecteur vétérinaire.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général, en vertu des dispositions de l'article 29 de l'acte 3 Edouard VII, chapitre 11, intitulé "Acte concernant les maladies infectieuses ou contagieuses chez les bestiaux", d'ordonner, vu qu'une maladie appelée gale des moutons sévit en Canada, que les articles 35 à 52 inclusivement, de l'ordre général en conseil du 12 de mai 1888, soient et ils sont par le présent rescindés, et remplacés par les règlements suivants, lesquels seront exécutoires immédiatement :—

1. Aucun mouton atteint de la gale ou qui y aura été exposé ne sera libre d'errer en liberté ou de venir en contact avec un animal qui n'est pas ainsi atteint.

2. Chaque personne ayant en sa possession ou garde un mouton atteint de la gale, devra immédiatement faire traiter cet animal d'une manière satisfaisante à l'inspecteur vétérinaire le plus rapproché.

3. Tout inspecteur vétérinaire pourra déclarer lieu infecté dans le sens de l'*Acte concernant les épizooties*, 1903, tout endroit ou local ou tout steamship ou vaisseau à vapeur ou autre, ou tout char de chemin de fer ou autre véhicule où la contagion de la gale est connue ou soupçonnée exister.

4. Chaque inspecteur vétérinaire aura plein pouvoir d'ordonner que les moutons atteints de la gale ou soupçonnés en être atteints, soient détenus, isolés et traités en conformité des instructions du directeur vétérinaire général.

5. Les frais découlant de ce rassemblement, isolation et traitement seront à la charge des propriétaires des moutons, et si l'inspecteur les a avancés, ils resteront, jusqu'à ce qu'ils soient payés prélevables sur les dits moutons, sans préjudice toutefois, du recouvrement de toute amende imposée pour violation des présents règlements ou de l'*Acte concernant les épizooties*.

6. Les inspecteurs sont par le présent autorisés à faire abattre tous moutons trouvés atteints de la gale des moutons, ou soupçonnés en être atteints, sauf compensation si l'acte le prescrit ainsi, et d'ordonner comment disposer des carcasses de ces animaux.

7. Avant d'ordonner le paiement de l'indemnité dans aucun des cas susdits, le Ministre exigera la production d'un rapport satisfaisant, l'ordre d'abattage, le certificat d'évaluation et d'abattage, et le certificat du nettoyage et de désinfection, tous signés par un inspecteur.

8. Nul mouton, ni aucune partie de ce mouton ne sera déplacé d'un endroit infecté sans un permis signé par un inspecteur.

9. Chaque cour, étable, appentis ou autre endroit ou local, et chaque wagon, charrette, voiture, char ou autre véhicule, et chaque ustensile ou autre chose infecté de la gale, seront complètement nettoyés et désinfectés par et aux frais du propriétaire ou occupant à la satisfaction d'un inspecteur vétérinaire.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 12 de décembre 1895, du ministre de l'Intérieur, soumettant copie d'un mémoire daté le 27 de mars 1895, à lui présenté par le Très révérend Père Lacombe, O.M.I., au nom de Sa Grâce l'Archevêque de St-Albert et de Leurs Seigneuries les évêques de St-Albert et Prince-Albert, concernant l'établissement par eux d'une école industrielle, et la réserve à cet égard de quatre cantons des terres fédérales dans le district d'Alberta, en vue d'améliorer l'état de détresse de la majorité de la population métisse du Manitoba et des territoires du Nord-Ouest, ainsi qu'un rapport sur le sujet fait par son député, que lui, le Ministre, approuve.

Le Ministre, en recommandant qu'autorisation soit donnée, en vertu des dispositions du paragraphe (*h*) de la clause 90 de l'*Acte des terres fédérales*, de mettre à exécution les termes du rapport de son député, saisit l'occasion d'exprimer le plaisir qu'il éprouve en constatant que le Père Lacombe, qui a passé sa vie au service des races aborigènes de ce pays, et dont le témoignage sur le sujet est plus précieux que celui d'aucune autre personne, reconnaît formellement le traitement juste et libéral accordé en tout temps aux Métis du Manitoba et des territoires du Nord-Ouest par le gouvernement du Canada.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

4 juillet 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 25 de juin 1896 du ministre de l'Intérieur, disant que le conseil d'administration de la colonie métisse de St-Paul des Métis a soumis une pétition demandant que les quatre cantons de terres fédérales, qu'ils ont droit d'occuper à bail, pour les fins de la colonie métisse projetée, en vertu de l'arrêté en conseil du 28 décembre 1895, soient disposés en lots de 80 acres au lieu de 40 comme à présent.

Le Ministre désire faire remarquer, que le conseil d'administration, après avoir réfléchi, en est venu à la conclusion que l'étendue maximum de 40 acres, telle qu'établie par l'arrêté en conseil ci-dessus mentionné, qui semblait en premier leur être suffisante pour l'objet en vue, est aujourd'hui considérée trop petite pour assurer le succès des familles qui ont été induites à se fixer dans la colonie.

Le Ministre observe que le changement proposé par le conseil d'administration n'affecte en rien la nature générale du projet.

Le Ministre, vu qu'il n'existe pas d'objection raisonnable à l'augmentation de l'étendue des lots, recommande que la requête du conseil d'administration soit favorablement considérée, et que l'étendue maximum des lots à sous-louer par le conseil à chaque famille métisse soit augmentée à 80 acres.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
40-4 Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il convient dans l'intérêt de la colonie métisse de Saint-Paul des Métis que certaines terres réparties aux colons métis soient disposées en lots d'une largeur de dix chaînes sur une profondeur de un mille, contenant 80 acres chacun, ces lots étant formés par la subdivision de chaque section en huit lots de la grandeur ci-dessus mentionnée, ayant front sur la réserve de chemin, et attendu que ces arpentages sont permis par la clause 21 de l'*Acte des terres fédérales*,—

Il plaît à Son Excellence, en vertu des pouvoirs qui lui sont conférés par la clause 90 de l'*Acte des terres fédérales*, et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que certaines terres réparties à la colonie métisse de Saint-Paul des Métis soient disposées en lots de dix chaînes de largeur sur un mille de profondeur, contenant 80 acres chacun, ces lots étant formés en subdivisant chaque section en

huit lots de la grandeur ci-dessus mentionnée, ayant front sur à la réserve de chemin.

Il plaît en outre à Son Excellence, d'ordonner qu'une réserve de chemin soit laissée dans chaque cas sur la ligne sectionnelle divisant les lots, que ce chemin soit ou non établi par les règlements existants.

## DESPATCHES, ETC.

*Circular.* (1)

DOWNING STREET,

18th March, 1905.

SIR,—I have the honour to inform you that, in view of the difficulty experienced in establishing the nationality of the claimants when the British claims recently came up for examination before the Venezuelan Claims Commission, it has been decided by His Majesty's Government to encourage as much as possible the practice of registration at His Majesty's Consulates abroad, and more especially in the case of British subjects resorting to Central and South America; and the Secretary of State for Foreign Affairs has suggested the desirability of posting public notices at the various ports of emigration in the West Indies or other places in which it may seem advisable, impressing upon all emigrants of British nationality the advisability of having themselves registered at a British Consulate on the earliest opportunity after arrival at their destination, and warning them against the difficulties which their failure to do so may entail.

2. I enclose for the information of your Ministers a copy of the new Regulations which have been issued to His Majesty's Consular Officers abroad on the subject, and have to request you to invite your Government to consider the necessity for the issue of a notification for the guidance of any emigrants to Foreign countries from the Colony under your Government, calling their attention to the new Consular Regulations affecting this matter.

I have the honour to be,
Sir,
Your most obedient, humble Servant,

ALFRED LYTTELTON.

The Officer Administering
the Government of Canada.

### REGISTRATION OF BRITISH SUBJECTS.

Every British subject is entitled, should he desire to do so, to register himself at a British Consulate, and to obtain a certificate that he is so registered.

Where it is desirable, on account of the number of persons presenting themselves for registration or for other reasons, to keep a special register of British subjects, it should be kept in accordance with the provisions of this circular.

The register should contain the particulars provided for in the form of Annex 1.

An applicant for registration should be required to fill up a form (Annex 2), and should not be registered until his claim has been established to the satisfaction of the Consular officer.

British-protected persons should be registered in the register of British subjects, but the fact that they are British-protected persons should be noted in the register.

An applicant of European descent, who is not personally known to the Consular officer, claiming British nationality on the ground of birth within the British Dominions should produce a letter from some known and responsible person certifying to his identity and British nationality, or satisfactory evidence of some other description.

Where British nationality is claimed under the statute 4 Geo. II, cap. 21, *i.e.*, on the ground that the claimant's father was a natural-born British subject though the claimant was born abroad, the following evidence should be required :—

(*a.*) A certificate of the birth of the applicant.

(*b.*) The marriage certificate of the parents.

(*c.*) The birth certificate of the father.

Where the nationality is claimed by descent from the paternal grandfather under the statute 13 Geo. III, cap. 21, evidence in addition to that in paragraphs (*a*), (*b*), and (*c*) above should be required as to—

(*d.*) The marriage of the paternal grandparents.

(*e.*) The birth of the paternal grandfather within the British Dominions.

In the case of persons of Asiatic or West Indian descent, or of natives of Africa, the following evidence may in general be considered sufficient :—

(*a.*) A passport of certificate of British nationality issued to him as a British subject, or certificate of registration as a British subject, in British India or British possessions or by a British Consular officer ;

(*b.*) A birth certificate showing that he was born within His Majesty's Dominions, or a certificate of naturalization in the United Kingdom ; and

(*c.*) In either of the above cases such further evidence of identity as the Consular officer may think satisfactory.

Where the documents mentioned in (*a*) bear a date anterior to this circular, they should not be accepted as conclusive, if the Consular officer sees any reason to doubt the validity of the claim to British nationality ; and where the passport has been issued more than six months, evidence may be required from the applicant that he has not changed his nationality since the issue of the passport.

Natives of British Protectorates, or of the territories of any Prince or State in India under the suzerainty of or in alliance with His Majesty, must produce a passport issued by His Majesty's Representative in their own country, together with evidence of identity if the Consular officer thinks necessary.

A British subject possessed of double nationality is entitled to registration (even though he may not be entitled to protection) in his country of origin.

A certificate of registration in the form of Annex 3 should be given on application to any person who is registered as a British subject or British-protected person on payment of fee No. 67. Where a person was registered before the issue of this circular, and the Consular officer is unaware whether the claim to British nationality was properly investigated before the entry was made, the Consular officer should obtain further evidence before the certificate is granted.

In cases where the Consular officer entertains doubt whether the applicant is entitled to registration, he should draw up a full statement of the facts and refer the matter to the Secretary of State for instructions.

[Circular.]

DOWNING STREET,

2nd March, 1905.

SIR,—I have the honour to transmit to you for your information a copy of a circular despatch that I have addressed to the Governors of Crown Colonies intimating that His Majesty the King has been pleased to approve of a new white undress uniform that may be worn by members of the Colonial Civil Service in tropical countries.

2. Although the above description cannot be said to apply strictly to any of the Colonies possessing responsible Government, there may be certain seasons of the year when a white uniform would be preferred by officials in the colony under your Government to the ordinary Civil uniform ; and it may therefore be useful to you to know that the wearing of such an uniform has received His Majesty's sanction, more particularly as you will observe that in granting this concession His Majesty is desirous that there should no longer be any excuse for not wearing uniform on the many occasions when it is obviously desirable.

I have the honour to be,

Sir,

Your most obedient, humble Servant,

ALFRED LYTTELTON.

The Officer Administering
the Government of Canada.

[Circular.]

*Enclosure to Circular dated 2nd March*, 1905.

DOWNING STREET,

1st March, 1905.

SIR,—I have the honour to inform you that His Majesty the King has been pleased to approve of a new white undress uniform that may be worn by members of the Colonial Civil Service in tropical countries.

2. The uniform is to be of white drill, with a stand-up collar, on which is to be a detachable gorget of gold braid on a blue ground. The usual buttons will be worn, according to rank, as prescribed in the "Schedules of Civil Uniforms" issued from the Lord Chamberlain's Office, the general purport of which is embodied in the Colonial Regulations. The number of buttons on the cuffs will be according to rank, i.e.,

1st and 2nd class.....Three buttons.
3rd and 4th class.....Two "
5th class.....One "

The usual Civil Sword will be worn, the frog and scabbard being *underneath* the coat, the hilt appearing through a slit in the side of the coat.

Ribbons of decorations and medals will be worn half way between the first and second buttons.

No lace is worn on the trousers.

The uniform will be worn with a white helmet bearing on the front a gilt badge with the Royal arms and supporters.

3. The new uniform is to be worn on all ordinary occasions where the wearing of uniform is desirable, the following occasions being suggested as examples :—

(*a*) Receiving or returning the ceremonial visit of a Royal Personage or of a naval officer of whatever rank or nationality.

(*b*) Receiving or returning the visit of a Foreign Governor, Minister Plenipotentiary, or military officer of high rank.

(*c*) Receiving formal visits from the consular body.

(*d*) Receiving or returning visits of native Potentates or Chiefs.

(*e*) Review or inspection of Naval, Military, or Constabulary Forces.

(*f*) All outdoor official ceremonies held in the day time, such as official landing, arrival, or departure of a Governor at a place within his administration, or on official visits to neighbouring localities ; inspection of buildings, laying foundation stones, etc.

4. The new uniform may, if so desired, be worn at Church, but should not be worn at any evening ceremony, except on occasions where naval or military officers of any nationality are likely to be present in uniform.

5. Should it be necessary to wear the uniform mounted, white or dark blue pantaloons will be worn, with black or brown knee boots, and straight-necked steel hunting spurs. You are at liberty to choose between white or blue pantaloons of any material, and black or brown boots ; but whichever is decided upon must be worn by all.

6. The ordinary Civil uniform will continue to be worn on the occasions of the celebration of the Sovereign's Birthday, the opening or closing of the Legislature, or any other special occasion, according to the discretion of the Officer Administering the Government.

7. It is to be understood that in making this concession His Majesty the King is desirous of providing the members of his Colonial Service with a simple and inexpensive uniform that shall be more convenient for wearing in hot climates than the ordinary Civil uniform. His Majesty has been led to believe that the wearing of the latter uniform has for climatic reasons practically fallen into abeyance on many occasions where uniform ought unquestionably to be worn ; and it is His Majesty's desire that in future there should be no excuse for not wearing uniform

on these occasions. The adoption of the white uniform in the colony under your Government is left to your discretion, but, should it be adopted, it will accordingly be your duty to see that the wearing of it is made compulsory on all such occasions as those I have indicated.

8. A sealed pattern of the new uniform has been deposited with the Crown Agents for the Colonies, and a sketch of the coat and helmet is enclosed for your further information.

I have the honour to be,
Sir,
Your most obedient, humble Servant,

41-3 ALFRED LYTTELTON.

## ORDERS IN COUNCIL.

[Ref. 13,652A]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of April, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 21st March, 1905, from the Acting Minister of the Interior, stating that ollowances for rations, board and camp equipage are granted to the surveyor in charge of a survey party by Order in Council of October 26th, 1894, the clauses relating to the said allowances being as follows :—

9. The surveyor shall be allowed for himself and every man of his party a ration allowance of fifty cents per diem while in the field.

11. For meals, board and hotel expenses of himself and party while in the field, the surveyor shall be allowed, in addition to the ration allowance, a sum of twenty-eight cents per diem for himself and four cents per diem for every other member of the party.

12. Camp equipage shall be owned and furnished by the surveyor. For its use he shall be allowed while in the field twenty-two cents per day for himself and six cents per day for every other member of the party.

The Minister further states that, by Orders in Council of April 24th, 1897, and May 16th, 1899, the board and camp equipages allowances for the Assistant are made the same as for the surveyor in charge, when the Assistant is a Dominion or Provincial Land Surveyor.

The Minister further states that it has been represented on behalf of the surveyors that owing to the general increase in prices during recent years, specially in the prices of food supplies, the allowances have become inadequate and are no longer sufficient to feed and equip properly the men of a survey party. It is also pointed out that the surveyor in charge of a small party is at a greater disadvantage, the cost per man for food and equipment being higher than for a large party.

The Minister recommends in order that surveyors may be able to meet their expenses and that small parties may be placed on a more favourable footing, that clauses 9, 11 and 12 of the Order in Council of October 26th, 1894, and the Orders in Council of April 24th, 1897, and May 16th, 1899, be cancelled and the following clauses substituted :—

1. The surveyor in charge of a survey party shall be allowed a special ration allowance of one dollar per day for the party, such allowance to be paid as long as the surveyor remains in the field. He shall further be allowed an ordinary ration allowance of fifty-five cents per day for himself and every member of his party while in the field.

2. For meals, board and hotel expenses of himself and party the surveyor shall be allowed, in addition to the ration allowance, a sum of forty cents per day for himself and four cents per day for every other member of his party while in the field.

3. Camp equipage shall be owned and furnished by the surveyor. For its use he shall be allowed while in the field forty cents per day for himself and six cents per day for every other member of the party.

4. When an Assistant is regularly appointed as such by the Minister of the Interior the board and camp equipage allowances for him shall be twenty-five cents and ten cents per day respectively.

The Committee submit the same for approval.

JOHN J. McGEE,
43-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of April, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 28th March, 1905, from the Acting Minister of the Interior, stating that in pursuance of the provisions of sub-clause 1 of clause 19 of "The Dominion Lands Act," chapter 54 of the Revised Statutes, a schedule of rates for the payment of township subdivision surveys executed under contract was fixed by Orders in Council of the 3rd February, 1903, and the 19th February, 1904.

The Minister recommends that the first and fifteenth clauses of the said schedule be cancelled and the following substituted therefor :—

1. Section lines shall be paid for at the rate of three dollars and fifty cents per mile of line surveyed.

15. A payment at such rate as the Surveyor General may allow, but not exceeding two dollars per mile of township outline or section line surveyed, may be made for the determination of the astronomical direction of the lines of the survey.

[Ref. 11,740A.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 4th day of April, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 1st March, 1905, from the Acting Minister of the Interior, stating that Donald McDonald, who entered as a homestead on the 29th January, 1890, for the north west quarter of Section 6, Township 15, Range 32, west first meridian, gave a statutory lien, under clause 44 of The Dominion Lands Act, for $494 which bears interest at the rate of four and six-tenths per cent per annum from the 16th September, 1899, which lien still stands against the land, to the Commissioners for the administration of the funds provided by Parliament or otherwise for the purpose of assisting colonization in Canada from the congested districts in the Western Highlands and Islands of Scotland and in Ireland.

The Minister further states that the entrant subsequently died and his entry was cancelled in June 1902, on account of the homestead conditions not having been fulfilled ; and under the provisions of the said clause of the Dominion Lands Act a patent should thereupon have been issued to the lien holders.

The Minister further states that as it was represented that one Alexander McDonald, a nephew of the original entrant, who desired to enter for the land as a homestead, was the only son and help of his mother, who had a homestead near the land, a homestead entry for the quarter section in question was granted to the said Alexander McDonald, who made his entry on the 24th August, 1903, and in whose name the land still stands.

The Minister further states that Mr. J. G. Colmer, C.M.C., has recently represented that the Commissioners would be willing to waive their rights in connection with the quarter section, provided other land was patented to them of sufficient value to cover the late Donald McDonald's indebtedness to them, and that the parcel in question being of exceptional value from its position, they would accept in full settlement of their claim two quarter sections of land, in which case they would remove the lien from the above mentioned land.

The Minister submits that in his opinion the request made by Mr. Colmer should be complied with.

The Minister therefore recommends that he be authorized to grant the Commissioners two quarter sections of any available Dominion Lands of the class open to homestead entry in full settlement of their claim in connection with the north west quarter of Section 6, Township 15, Range 32, West First Meridian.

The Committee submit the same for approval.

42-4 Clerk of the Privy Council.

DOWNING STREET,
18 mars 1905.

MONSIEUR,—J'ai l'honneur de vous informer qu'en vue des difficultés éprouvées pour constater la nationalité des requérants lors du récent examen des réclamations devant la Commission des réclamations du Venezuela, le gouvernement de Sa Majesté a décidé d'encourager autant que possible la pratique de l'enregistrement aux consulats de Sa Majesté à l'étranger, et plus spécialement dans le cas de sujets britanniques séjournant dans l'Amérique Centrale et l'Amérique du Sud ; et le Secrétaire d'État pour les affaires étrangères a suggéré l'opportunité d'afficher des avis publics aux divers ports d'immigration des Antilles ou aux autres endroits où cela semblera à propos, instruisant tous les immigrants de nationalité britannique de l'avantage qu'il y a de se faire enregistrer à un consulat britannique à la première occasion après leur arrivée à destination, et les avertissant des difficultés qui peuvent résulter de la négligence de le faire.

2. J'inclus pour l'information de vos ministres une copie des nouveaux règlements à ce sujet qui ont été transmis aux officiers consulaires de Sa Majesté à l'étranger, et je vous prie d'inviter votre Gouvernement à considérer la nécessité de publier un avis pour la gouverne des émigrants à des pays étrangers de la colonie sous votre gouvernement, attirant leur attention sur les nouveaux règlements consulaires à ce sujet.

J'ai l'honneur d'être,
Monsieur,
Votre très obéissant et très
humble serviteur,
ALFRED LYTTELTON.

A l'Administrateur
du Gouvernement du Canada.

### ENREGISTREMENT DES SUJETS BRITANNIQUES.

Tout sujet britannique a droit, s'il le désire, de s'enregistrer à un consulat britannique et d'obtenir un certificat qu'il est ainsi enregistré.

Où il est opportun, en raison du nombre de personnes se présentant pour l'enregistrement ou pour d'autres raisons, de tenir un registre spécial des sujets britanniques, il devrait être tenu conformément aux dispositions de cette circulaire.

Le registre devrait contenir les détails prescrits dans la formule de l'annexe 1.

Celui qui se présente pour l'enregistrement sera requis de remplir la formule (Annexe 2), et ne devra pas être enregistré avant qu'il ait prouvé ses titres à la satisfaction de l'officier consulaire.

Les personnes sous le protectorat britannique devront être enregistrés dans le registre des sujets britanniques, mais le fait qu'elles sont sous le protectorat britannique sera noté dans le registre.

Un requérant de descendance européenne, qui n'est pas personnellement connu de l'officier consulaire, et qui se réclame de la nationalité britannique en raison de sa naissance dans les possessions britanniques, devra montrer une lettre de quelque personne connue et responsable certifiant de son identité et de sa nationalité britannique, ou des preuves satisfaisantes d'un autre genre.

Où l'on se réclame de la nationalité britannique en vertu du statut 4 Geo. II, chap. 21, savoir, en raison de ce que le père du requérant était un sujet britannique d'origine, bien que le requérant soit né à l'étranger, la preuve suivante sera requise :

(*a*) Un certificat de naissance du requérant.
(*b*) Le certificat de mariage des parents.
(*c*) Le certificat de naissance du père.

Où la nationalité est basée sur la descendance du grand-père paternel en vertu du statut 13 Geo. III, chap. 21, l'on devra exiger, en sus de la preuve susdite aux paragraphe (*a*), (*b*) et (*c*), des preuves—

(*d.*) Du mariage des grands parents paternels.
(*e.*) De la naissance du grand-père paternel dans les possessions britanniques.

Dans le cas de personnes d'origine asiatique ou africaine, ou des Indes Occidentales, les preuves suivantes pourront en général être estimées suffisantes :

(*a.*) Un passeport certifiant l'origine britannique qui lui aura été remis à titre de sujet britannique, ou un certificat d'enregistrement comme sujet britannique, dans l'Inde Anglaise ou dans les possessions britanniques, ou par un officier consulaire britannique ;

(*b.*) Un certificat de naissance montrant qu'il est né dans les possessions de Sa Majesté, ou un certificat de naturalisation dans le Royaume-Uni ; et

(*c.*) Dans l'un ou l'autre des cas ci-dessus toute autre preuve d'identité que l'officier consulaire croira satisfaisante.

Où les documents mentionnés au paragraphe (*a*) sont datés antérieurement à cette circulaire, ils ne devront pas être acceptés comme conclusifs, si l'officier consulaire a quelque raison de douter de la validité du titre à la nationalité britannique; et lorsque

l'émission du passeport remonte à plus de six mois, l'on pourra exiger du requérant des preuves qu'il n'a pas changé sa nationalité depuis l'émission du passeport.

Les personnes natives de protectorats britanniques, ou des territoires de quelque prince ou Etat de l'Inde en alliance avec Sa Majesté ou sous sa suzeraineté, doivent produire un passeport émis par le représentant de Sa Majesté dans leur propre pays, ainsi que la preuve de leur identité, si l'officier consulaire le juge nécessaire.

Un sujet britannique ayant une double nationalité a droit à l'enregistrement (même s'il n'a pas droit à la protection) dans son pays d'origine.

Un certificat d'enregistrement dans la formule de l'annexe 3 devra être remis sur demande à toute personne qui est enregistrée comme sujet britannique ou comme étant sous le protectorat britannique sur paiement de l'honoraire No 67. Lorsqu'une personne était enregistrée avant l'émission de cette circulaire, et que l'officier consulaire ignore si son titre à la nationalité britannique a été dûment examiné avant que l'entrée fut faite, l'officier consulaire devra exiger d'autres preuves avant d'accorder le certificat,

Dans les cas où l'officier consulaire doute si le requérant a droit à l'enregistrement, il devra faire un exposé complet des faits et référer le cas au Secrétaire d'Etat pour instructions.

DOWNING STREET,
2 mars 1905.

MONSIEUR,—J'ai l'honneur de vous transmettre, pour votre renseignement, une copie d'une dépêche circulaire que j'ai adressée aux gouverneurs des colonies de la Couronne les informant que Sa Majesté le Roi a bien voulu approuver un nouvel uniforme blanc de petite tenue que pourront porter les membres du Service Civil Colonial dans les pays tropicaux.

2. Bien que l'on ne puisse dire que la précédente description s'applique strictement à aucune des colonies jouissant d'un gouvernement responsable, cependant il peut se faire que dans certaines saisons de l'année les fonctionnaires dans la colonie que vous administrés préféreraient un uniforme blanc à l'uniforme civil ordinaire ; et il vous serait donc utile de savoir que Sa Majesté permet de porter un tel uniforme, d'autant plus que vous observerez que Sa Majesté en accordant cette permission désire faire disparaître toute excuse de ne pas porter un uniforme dans les nombreuses occasions où un uniforme est évidemment désirable.

J'ai l'honneur d'être,
Monsieur,
Votre très humble serviteur,
ALFRED LYTTELTON.

DOWNING STREET,
1er mars 1905.

MONSIEUR,—J'ai l'honneur de vous informer que Sa Majesté le Roi a bien voulu approuver un nouvel uniforme blanc de petite tenue que pourront porter les membres du Service Civil Colonial dans les pays tropicaux.

2. L'uniforme sera de coutil blanc, avec collet droit sur lequel sera appliqué un hausse-col soutaché d'or sur un fond bleu. Les boutons seront selon le grades comme de coutume, tel que prescrit dans les "Schedules of Civil Uniforms" publiées par le bureau du Lord Chambellan, dont le sens général est incorporé dans les Règlements Coloniaux. Le nombre de boutons sur les parements sera selon le grade, c'est-à-dire—

1re et 2e classe.....Trois boutons.
3e et 4e classe.....Deux "
5e classe.....Un "

L'épée civile ordinaire sera portée, le pendant et le fourreau étant *en dessous* de l'habit, la garde paraissant par une fente dans le côté de l'habit.

Les rubans et décorations seront portés entre le premier et le second bouton.

Pas de galon sur les pantalons.

L'uniforme sera porté avec un casque blanc, portant sur le devant un insigne doré avec les armes royales et supports.

3. Le nouvel uniforme doit être porté dans toutes les occasions ordinaires où il est désirable qu'un uniforme soit porté, et les occasions ci-dessous sont suggérées comme exemples :—

(*a*) Recevoir ou remettre la visite de cérémonie d'un personnage royal ou d'un officier de marine, quel que soit son grade ou sa nationalité.

(*b*) Recevoir ou remettre la visite d'un gouverneur, ministre plénipotentiaire ou officier militaire étrangers de haut grade.

(*c*) Recevoir les visites formelles du corps consulaire.

(*d*) Recevoir ou rendre les visites de potentats ou chefs natifs.

(*e*) La revue ou inspection de troupes navales, militaires ou constabulaires.

(*e*) Toutes cérémonies officielles en plein air tenues le jour, telles que le débarquement, arrivée ou départ officiel d'un gouverneur à un endroit dans les limites de son administration, ou en visites officielles à des localités environnantes ; l'inspection d'édifices, la pose de pierres angulaires, etc.

4. Le nouvel uniforme pourra être porté à l'église, si on le désire, mais ne doit pas être porté à aucune soirée, sauf dans les occasions où des officiers de marine ou militaires d'une nationalité quelconque seront en toute probabilité présents en uniforme.

5. S'il était nécessaire de porter l'uniforme à cheval, des pantalons blancs ou bleu foncé seront portés avec bottes noires ou brunes, et des éperons d'acier de chasse à cou droit. Le choix est laissé entre des pantalons blancs ou bleu foncé d'une étoffe quelconque, et des bottes noires ou brunes ; mais quelle que soit la couleur adoptée, tous devront la porter.

6. L'uniforme civil ordinaire continuera d'être porté lors de la célébration de la naissance du Souverain, l'ouverture ou fermeture de la Législature, ou dans toute autre occasion spéciale, au choix de l'administrateur du gouvernement.

7. Il est bien entendu que Sa Majesté le Roi en faisant cette concession est animé du désir de fournir aux membres de son service colonial un uniforme simple et peu dispendieux qui sera plus commode à porter dans les climats chauds que l'uniforme civil ordinaire. Sa Majesté a été informé que ce dernier uniforme a pratiquement cessé d'être porté dans maintes occasions dans lesquelles l'uniforme aurait dû être porté ; et Sa Majesté désire qu'à l'avenir il n'y ait plus d'excuse pour ne pas porter un uniforme en ces occasions. L'adoption d'un uniforme blanc dans la

colonie que vous administrez est laissée à votre discrétion, mais s'il est adopté, il sera de votre devoir de veiller à ce que son emploi soit rendu obligatoire en toutes les occasions que j'ai indiquées.

8. Un patron scellé du nouvel uniforme a été déposé chez les agents de la Couronne pour les colonies, et un dessin de l'habit et du casque est inclus pour votre renseignement.

J'ai l'honneur d'être,
Monsieur,
Votre très obéissant serviteur,

42-3 ALFRED LYTTELTON.

Samedi, le 1er jour de d'avril 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

LE Comité du Conseil privé, sur la recommandation du ministre de la Justice, conseille que les Règles de Pratique ci-jointes, établies par le Juge de la Cour de l'Echiquier du Canada le 22e jour de mars A.D. 1905, en vertu des dispositions de l'article 289 de l'*Acte des chemins de fer*, 1903, soient approuvées.

JOHN J. McGEE,
Greffier du Conseil privé.

### DANS LA COUR DE L'ECHIQUIER DU CANADA.

RÈGLES ET ORDRES GÉNÉRAUX.

Conformément aux dispositions contenues dans le 289e article de l'*Acte des chemins de fer*, 1903, (3 Edouard VII, chap. 58), il est par le présent ordonné que les Règles ci-dessous, relatives aux affaires ci-après mentionnées, soient en vigueur dans la cour de l'Echiquier du Canada :—

PROJET DE CONCORDAT—PRÉPARATION ET DÉPÔT DU PROJET.

1. Chaque projet à déposer en cette cour, conformément à l'*Acte des chemins de fer*, 1903, 3 Edouard VII, chap. 58, article 285, et chaque déclaration, affidavit, pétition, sommation, avis ou autre procédure s'y rattachant, seront intitulés dans la cour, et dans l'affaire de la compagnie en question.

2. Chaque projet à déposer comme susdit, sera imprimé en la manière prescrite pour l'impression des plaidoyers et autres procédures dans cette cour.

3. Chaque tel projet sera déposé au greffe du registraire de la cour, et la déclaration et l'affidavit exigés par l'article 285 du dit acte seront annexés à ce projet et déposés en même temps que le projet, et le registraire ne transcrira aucun tel projet s'il n'est accompagné de tel déclaration et affidavit.

4. L'endos de chaque projet ainsi déposé comme susdit portera les noms et adresse du solliciteur et de l'agent à Ottawa (s'il y en a) de la compagnie.

5. Lorsqu'un projet écrit est déposé, la personne qui l'apporte pour être inscrit, devra en même temps en laisser une bonne copie avec le registraire, et le registraire comparera cette copie avec le projet déposé et le retournera ainsi examiné avec un certificat à l'effet qu'il est exact et peut être imprimé.

6. D'après cette copie certifiée les directeurs feront imprimer le projet, et avant l'expiration de cinq jours à compter du dépôt du projet, ils en laisseront une copie imprimée au greffe du registraire, avec un certificat écrit dessus par le solliciteur de la compagnie à l'effet que cet imprimé est une vraie copie du projet ainsi certifié, et après l'expiration de ces cinq jours aucune preuve que le projet a été déposé ne sera admissible tant que cette copie imprimée du projet n'aura pas été déposée.

EXEMPLAIRES DU PROJET.

7. En tout temps après l'expiration de cinq jours à compter du dépôt du projet, qu'il soit imprimé ou écrit, tout personne peut demander, par réquisition écrite délivrée au bureau principal de la compagnie, ou au bureau de son solliciteur, ou de son agent à Ottawa (s'il y en a) un certain nombre n'excédant pas dix, d'exemplaires imprimés du projet, et les exemplaires ainsi demandés seront sur cette demande, délivrés à la personne qui les a demandées, avec un certificat écrit dessus par le solliciteur de la compagnie à l'effet qu'elles sont de vraies copies du projet déposé.

8. Chaque tel exemplaire sera, sur livraison, payé au taux de un centin par folio, sauf dans le cas prévu par le 288e article du dit acte, dans lequel cas il sera payé au taux de dix centins pour chaque exemplaire, tel que prescrit dans le dit article.

AVIS DU DÉPÔT DU PROJET.

9. L'avis à publier dans la *Gazette du Canada* du dépôt du projet, sera signé par le solliciteur de la compagnie ou son agent à Ottawa, et énoncera si le projet contient quelques dispositions pour régler et définir les droits des actionnaires entr'eux, ou pour prélever aucun et quel montant de capital-actions ou d'emprunt, et lequel, et énoncera le nom et l'adresse du solliciteur et de l'agent à Ottawa (s'il y en a) de la compagnie, et peut être en la formule No 1 dans l'annexe ci-jointe, avec les variations que les circonstances exigeront.

CERTIFICAT DU DÉPÔT.

10. Lorsqu'un projet a été déposé, le registraire, à la demande de toute personne, donnera et signera un certificat du dépôt du projet ou du dépôt d'un exemplaire imprimé de ce projet ; et ce certificat pourra être en la forme No 2 de l'annexe ci-jointe, avec les variations que les circonstances exigeront.

INTERDIRE UNE ACTION APRÈS QUE LE PROJET EST DÉPOSÉ.

12. Nul ordre en vertu de l'article 285 du dit acte pour interdire une action contre la compagnie, pour la raison qu'un projet a été déposé, ne sera rendu sauf avec l'entente que la compagnie sera responsable des dommages-intérêts (s'il y en a) que la cour ou le juge pourra juger à propos d'adjuger dans le cas où le demandeur serait plus tard tenu de procéder avec cette action ; et aux autres conditions (s'il y en a) que la cour ou le juge croira raisonnables.

PÉTITION POUR CONFIRMATION DU PROJET.

Chaque pétition pour la confirmation d'un projet sera présentée par les directeurs ou la majeure partie d'eux. Cette pétition n'énoncera pas le projet, mais y référera seulement, et peut être en la forme No 3 de l'annexe ci-jointe, avec les variations que les circonstances exigeront.

13. Les pétitionnaires qui présenteront cette pétition comme susdit, seront pour les fins de cette pétition traités comme représentant la compagnie, et la compagnie ne comparaîtra pas autrement à l'audition de telle pétition.

14. Lorsqu'une pétition pour ratifier un projet est présentée, les directeurs, ou la majeure partie d'eux, demanderont au juge en chambre de fixer un jour auquel cette pétition pourra être entendue, ce jour ne devant pas être avant l'expiration de trois semaines à compter de la date de la demande, et ils feront insérer un avis de la présentation de cette pétition dans la *Gazette du Canada* et dans deux papiers-nouvelles circulant dans la province du district dans lequel le bureau principal de la compagnie est situé, selon que le juge décidera. Cet avis indiquera le jour où le projet est déposé, et le jour où la pétition a été présentée, et le jour où elle sera entendue, et le nom et l'adresse du solliciteur et de l'agent à Ottawa (s'il y en a) de la compagnie, et pourra être en la forme n° 4 dans l'annexe ci-jointe, avec les variations que les circonstances exigeront.

15. La pétition ne sera appelée pour audition avant au moins vingt et un jours francs après l'insertion de cet avis comme susdit. Cet avis sera, au moins une fois chaque semaine qui s'écoulera entre le temps de sa première insertion et le jour auquel cette pétition est fixé pour audition, encore inséré dans la *Gazette du Canada* et dans deux papiers-nouvelles comme susdit au jour ou aux jours que le juge ordonnera.

16. Tout créancier, actionnaire ou autre personne dont les droits ou intérêts sont lésés par ce projet, et qui désirent être entendus en opposition à sa confir-

mation, devra, au moins sept jours francs avant le jour auquel la pétition pour confirmation doit être entendue, souscrire une obligation de comparaître au greffe du registraire et déposer un état imprimé des objections à icelle, et à défaut de ce faire n'aura pas droit d'être entendu, sauf avec la permission spéciale de la cour.

17. Toute personne souscrivant ainsi une obligation de comparaître sera réputée s'être soumise à la juridiction de la cour quant au paiement des frais et autrement.

CONFIRMATION DU PROJET.

18. Nul projet ne sera censé avoir été confirmé par la cour tant que ce projet et l'ordre le confirmant n'auront pas été transcrits dans le registre.

19. Si l'ordre pour confirmer un projet n'est pas opposé, le projet et cet ordre pourront être transcrits immédiatement. Si l'ordre est opposé avis de l'ordre sera, au moins une fois chaque semaine qui s'écoulera entre le prononcé de cet ordre et l'expiration de trente jours à compter du prononeé d'icelui, inséré dans la *Gazette du Canada*, et tels deux autres papiers-nouvelles qui auront été choisis par le juge pour l'insertion d'annonces en vertu de la 14e règle. Et ce projet d'ordre ne sera pas inscrit avant l'expiration de trente jours à compter du jour où l'ordre a été prononcé, ni avant que la *Gazette du Canada* et les papiers-nouvelles contenant ces avis n'aient été produits au registraire.

DISPOSITIONS GÉNÉRALES.

20. Tous les ordres rendus en chambre en vertu de l'*Acte des chemins de fer*, 1903, seront dressées en chambre, à moins que le registraire n'ait été spécialement chargé de les dresser, et seront inscrits de la même manière que les autres ordres dressés en chambre.

21. Dans les cas non expressément prévus par le dit acte ou par le présent ordre, les ordres généraux et de pratique des cours, en tant qu'ils pourront s'y appliqués et ne seront pas incompatibles avec le dit acte ou le présent ordre, s'appliqueront à toutes les procédures de la cour en vertu du présent acte.

22. Le pouvoir de la cour et du juge en chambre de prolonger ou raccourcir le temps fixé pour faire un acte ou intenter une procédure, et de donner instruction quant à la marche des procédures en vertu du dit acte, seront les mêmes que dans les procédures sous la juridiction ordinaire de la cour.

23. Le tarif des honoraires de temps à autre en vigueur dans la présente cour, s'appliquera aux procédures en vertu du dit acte et des présents règlements, et de plus, l'honoraire payable au registraire pour le dépôt d'un projet de concordat sera de cinq piastres ($5.00).

24. Le présent ordre s'appliquera à tous les projets déposés sous l'empire du dit acte et à toutes les procédures intentées sous l'empire du dit acte ; pourvu, toutefois, que toutes les procédures prises sous l'empire du dit acte avant que le présent ordre vienne en vigueur, auront la même validité que si le présent ordre n'avait pas été rendu.

SUR un rapport daté le 28 de mars 1905, du ministre suppléant de l'Intérieur, énonçant qu'en conformité du par. 1 de l'article 19 de l'*Acte des terres fédérales*, chapitre 54 des Statuts revisés, un tarif de prix pour le paiement des arpentages de subdivision de township faits à l'entreprise a été fixé par arrêtés en conseil du 3 de février 1903 et le 19 de février 1904.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 11e jour d'avril 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un memorandum daté le 21 mars 1905, du ministre suppléant de l'Intérieur, énonçant que des indemnités pour rations, pension et effets de campement, sont accordées à l'arpenteur en charge d'un parti d'arpenteurs par arrêté en conseil du 26 octobre 1894, les clauses relatives aux dites allocations étant comme suit :—

9. Il sera accordé à l'arpenteur pour lui-même et chaque homme de son parti une indemnité de rations de cinquante centins par jour tant qu'il sera en campagne.

11. Pour les repas, pension et frais d'hôtellerie de lui-même et de son parti lorsqu'ils sont en campagne, il sera alloué à l'arpenteur, en sus de l'indemnité de rations, une somme de vingt-huit centins par jour pour lui-même et quatre centins pour chaque autre membre du parti.

12. Les effets de campement appartiendront à l'arpenteur et seront fournis par lui. Pour leur usage il recevra lorsque en campagne vingt-deux centins par jour pour lui-même et un centin par jour pour chaque autre membre du parti.

Le Ministre dit de plus que par arrêtés en conseil du 24 avril 1897, et du 16 mai 1899, l'indemnité de pension et d'effets de campement allouée à l'aide sont la même que pour l'arpenteur en charge, lorsque l'aide est un arpenteur fédéral ou provincial.

Le Ministre dit de plus qu'il a été représenté de la part des arpenteurs que vu la hausse générale dans les prix durant les dernières années, surtout dans les prix des provisions de bouche, les indemnités sont devenues insuffisantes pour nourrir et équiper convenablement les hommes d'un parti d'arpentage. Il est démontré aussi que l'arpenteur en charge d'un petit parti souffre d'un plus grand désavantage, le coût par homme pour la nourriture et l'équipement étant plus élevé que pour un grand parti.

Le Ministre recommande, afin que les arpenteurs puissent être capables de faire face à leurs frais, et que les petits partis soient mis sur un pied plus favorable, que les clauses 9, 11 et 12 de l'arrêté en conseil du 26 octobre 1894, et des arrêtés en conseil du 24 avril 1897, et 16 mai 1899, soient cancellés et remplacés par ce qui suit :—

1. Il sera accordé à l'arpenteur en charge d'un parti d'arpentage un indemnité spéciale pour rations de une piastre par jour pour le parti, cette indemnité étant payée aussi longtemps que l'arpenteur restera en campagne. Il recevra aussi une indemnité ordinaire pour rations de cinquante-cinq centins par jour pour lui-même et chaque membre de son parti tant qu'ils seront en campagne.

2. Pour repas, pension et frais d'hôtellerie pour lui-même et son parti, il sera aussi alloué à l'arpenteur, en sus de l'indemnité de rations, une somme de quarante centins par jour pour lui-même et quatre centins par jour pour chaque autre membre de son parti tant qu'ils seront en campagne.

3. Les effets de campement appartiendront à l'arpenteur et seront fournis par lui. Pour leur usage il lui sera alloué tant qu'il est en campagne quarante centins par jour pour lui-même et six centins par jour sur chaque autre membre du parti.

4. Lorsqu'un aide est régulièrement nommé comme tel par le ministre de l'Intérieur, les indemnités de pension et d'effets de campement seront de vingt-cinq centins et dix centins par jour respectivement.

Le comité soumet ce qui précède à l'approbation.

43–4 Greffier du Conseil privé.

Samedi, le 25e jour de mars 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général en conseil, en vertu des dispositions de l'article 29 de l'acte 3 Edouard VII, chapitre 11, intitulé "Acte concernant les maladies infectieuses ou contagieuses chez les bestiaux", d'ordonner que les règlements établis par arrêté en conseil du 19 septembre 1904, concernant la maladie chez les animaux désignée sous le nom de morve, soient et ils sont par le présent rescindés et les règlements suivants substitués en leur lieu et place, et ils seront exécutoires immédiatement :—

1. Aucun animal atteint de la morve ou qui y aura été exposé ne sera libre d'errer en liberté ou de venir en contact avec un animal qui n'est pas ainsi atteint.

2. Tout inspecteur vétérinaire pourra déclarer lieu infecté dans le sens de l'*Acte concernant les épizoties*, 1903, tout steamship ou vaisseau à vapeur ou autre, ou tout endroit ou local où la contagion de la morve est connue ou soupçonnée exister.

3. Nul cheval, mulet ou âne ne sera déplacé d'un endroit infecté sans un permis signé par un inspecteur.

4. Les inspecteurs vétérinaires sont par le présent autorisés à inspecter et soumettre à l'épreuve de la malléine les chevaux, mulets ou ânes atteints de la morve ou soupçonnée être ainsi atteints, ou qui sont venus en contact avec des animaux ainsi affectés ou soupçonnés être ainsi affectés, ou qui ont été de quelque manière exposés à la contagion ou infection de la maladie de la morve, et, dans le but de faire cette inspection ou épreuve, ordonner que ces animaux soient rassemblés, détenus et isolés.

5. Les chevaux, mulets ou ânes atteints de la morve, que ces animaux indiquent des symptômes de la maladie, ou qu'ils réagissent à l'épreuve de la malléine sans indiquer de tels symptômes, seront, sur un ordre signé par un inspecteur dûment nommé du ministère de l'Agriculture, immédiatement abattus, et leurs carcasses seront traitées tel qu'ordonné dans l'ordre, les propriétaires de ces animaux recevant une compensation selon les dispositions de l'acte.

6. Si le propriétaire s'oppose à l'abattage des animaux qui réagissent à l'épreuve de la malléine, mais n'indiquent aucuns symptômes cliniques de la morve, l'inspecteur pourra ordonner que ces animaux soient gardés en stricte quarantaine, et éprouvés de nouveau, mais ces nouvelles épreuves ne dépasseront pas deux, et seront complétées dans les quatre mois de la première épreuve ; pourvu, toutefois, que les propriétaires qui préfèrent mettre leurs animaux en quarantaine plutôt que de les abattre, perdront tout droit à une compensation.

7. Les chevaux, mulets et ânes qui réagissent à la troisième épreuve de la malléine, seront immédiatement abattus sur un ordre signé par un inspecteur, et les carcasses seront traitées tel qu'ordonné.

8. Les inspecteurs sont par le présent autorisés à permettre aux propriétaires de chevaux, mulets et ânes qui ne réagissent pas à la troisième épreuve de la malléine, et qui n'ont en aucun temps montré des symptômes cliniques de la morve, de retenir et employer ces animaux, sujet aux conditions contenues dans l'ordre ou l'avis signé par l'inspecteur.

9. Avant d'ordonner le paiement de l'indemnité dans aucun des cas susdits, le Ministre exigera la production d'un rapport satisfaisant, l'ordre d'abattage, le certificat d'évaluation et d'abattage, et le certificat du nettoyage et de désinfection, tous signés par un inspecteur.

10. Le certificat d'un inspecteur comportant qu'un animal a réagi à l'épreuve de la malléine, ou a montré des symptômes cliniques de la morve sera, pour les fins du dit acte et du présent arrêté, une preuve *prima facie* devant tous les tribunaux de justice et ailleurs des faits qui y sont attestés.

11. Chaque cour, étable, appentis ou autre endroit ou local, et chaque wagon, charrette, voiture, char ou autre véhicule, et chaque ustensile ou autre chose infecté de la morve, seront complètement nettoyés et désinfectés par et aux frais du propriétaire ou occupant à la satisfaction d'un inspecteur vétérinaire.

HOTEL DU GOUVERNEMENT À OTTAWA.

28 décembre 1895.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 12 de décembre 1895, du ministre de l'Intérieur, soumettant copie d'un mémoire daté le 27 de mars 1895, à lui présenté par le Très révérend Père Lacombe, O.M.I., au nom de Sa Grâce l'Archevêque de St-Albert et de Leurs Seigneuries les évêques de St-Albert et Prince-Albert, concernant l'établissement par eux d'une école industrielle, et la réserve à cet égard de quatre cantons des terres fédérales dans le district d'Alberta, en vue d'améliorer l'état de détresse de la majorité de la population métisse du Manitoba et des territoires du Nord-Ouest, ainsi qu'un rapport sur le sujet fait par son député, que lui, le Ministre, approuve.

Le Ministre, en recommandant qu'autorisation soit donnée, en vertu des dispositions du paragraphe (*h*) de la clause 90 de l'*Acte des terres fédérales*, de mettre à exécution les termes du rapport de son député, saisit l'occasion d'exprimer le plaisir qu'il éprouve en constatant que le Père Lacombe, qui a passé sa vie au service des races aborigènes de ce pays, et dont le témoignage sur le sujet est plus précieux que celui d'aucune autre personne, reconnaît formellement le traitement juste et libéral accordé en tout temps aux Métis du Manitoba et des territoires du Nord-Ouest par le gouvernement du Canada.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

HOTEL DU GOUVERNEMENT À OTTAWA.

4 juillet 1896.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport daté le 25 de juin 1896 du ministre de l'Intérieur, disant que le conseil d'administration de la colonie métisse de St-Paul des Métis a soumis une pétition demandant que les quatre cantons de terres fédérales, qu'ils ont droit d'occuper à bail, pour les fins de la colonie métisse projetée, en vertu de l'arrêté en conseil du 28 décembre 1895, soient disposés en lots de 80 acres au lieu de 40 comme à présent.

Le Ministre désire faire remarquer, que le conseil d'administration, après avoir réfléchi, en est venu à la conclusion que l'étendue maximum de 40 acres, telle qu'établie par l'arrêté en conseil ci-dessus mentionné, qui semblait en premier leur être suffisante pour l'objet en vue, est aujourd'hui considérée trop petite pour assurer le succès des familles qui ont été induites à se fixer dans la colonie.

Le Ministre observe que le changement proposé par le conseil d'administration n'affecte en rien la nature générale du projet.

Le Ministre, vu qu'il n'existe pas d'objection raisonnable à l'augmentation de l'étendue des lots, recommande que la requête du conseil d'administration soit favorablement considérée, et que l'étendue maximum des lots à sous-louer par le conseil à chaque famille métisse soit augmentée à 80 acres.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
40–4 Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il convient dans l'intérêt de la colonie métisse de Saint-Paul des Métis que certaines terres réparties aux colons métis soient disposées en lots d'une largeur de dix chaînes sur une profondeur de un mille, contenant 80 acres chacun, ces lots étant formés par la subdivision de chaque section en huit lots de la grandeur ci-dessus mentionnée, ayant front sur la réserve de chemin, et attendu que ces arpentages sont permis par la clause 21 de l'*Acte des terres fédérales*,—

Il plaît à Son Excellence, en vertu des pouvoirs qui lui sont conférés par la clause 90 de l'*Acte des terres fédérales*, et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que certaines terres réparties à la colonie métisse de Saint-Paul des Métis soient disposées en lots de dix chaînes de largeur sur un mille de profondeur, contenant 80 acres chacun, ces lots étant formés en subdivisant chaque section en huit lots de la grandeur ci-dessus mentionnée, ayant front sur à la réserve de chemin.

Il plaît en outre à Son Excellence, d'ordonner qu'une réserve de chemin soit laissée dans chaque cas sur la ligne sectionnelle divisant les lots, que ce chemin soit ou non établi par les règlements existants.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 4th day of April, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 1st March, 1905, from the Acting Minister of the Interior, stating that Donald McDonald, who entered as a homestead on the 29th January, 1890, for the north west quarter of Section 6, Township 15, Range 32, west first meridian, gave a statutory lien, under clause 44 of The Dominion Lands Act, for $494 which bears interest at the rate of four and six-tenths per cent per annum from the 16th September, 1899, which lien still stands against the land, to the Commissioners for the administration of the funds provided by Parliament or otherwise for the purpose of assisting colonization in Canada from the congested districts in the Western Highlands and Islands of Scotland and in Ireland.

The Minister further states that the entrant subsequently died and his entry was cancelled in June 1902, on account of the homestead conditions not having been fulfilled ; and under the provisions of the said clause of the Dominion Lands Act a patent should thereupon have been issued to the lien holders.

The Minister further states that as it was represented that one Alexander McDonald, a nephew of the original entrant, who desired to enter for the land as a homestead, was the only son and help of his mother, who had a homestead near the land, a homestead entry for the quarter section in question was granted to the said Alexander McDonald, who made his entry on the 24th August, 1903, and in whose name the land still stands.

The Minister further states that Mr. J. G. Colmer, C.M.C., has recently represented that the Commissioners would be willing to waive their rights in connection with the quarter section, provided other land was patented to them of sufficient value to cover the late Donald McDonald's indebtedness to them, and that the parcel in question being of exceptional value from its position, they would accept in full settlement of their claim two quarter sections of land, in which case they would remove the lien from the above mentioned land.

The Minister submits that in his opinion the request made by Mr. Colmer should be complied with.

The Minister therefore recommends that he be authorized to grant the Commissioners two quarter sections of any available Dominion Lands of the class open to homestead entry in full settlement of their claim in connection with the north west quarter of Section 6, Township 15, Range 32, West First Meridian.

The Committee submit the same for approval.

JOHN J. McGEE,
42–4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 11th day of April, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 21st March, 1905, from the Acting Minister of the Interior, stating that allowances for rations, board and camp equipage are granted to the surveyor in charge of a survey party by Order in Council of October 26th, 1894, the clauses relating to the said allowances being as follows :—

9. The surveyor shall be allowed for himself and every man of his party a ration allowance of fifty cents per diem while in the field.

11. For meals, board and hotel expenses of himself and party while in the field, the surveyor shall be allowed, in addition to the ration allowance, a sum of twenty-eight cents per diem for himself and four cents per diem for every other member of the party.

12. Camp equipage shall be owned and furnished by the surveyor. For its use he shall be allowed while in the field twenty-two cents per day for himself and six cents per day for every other member of the party.

The Minister further states that, by Orders in Council of April 24th, 1897, and May 16th, 1899, the board and camp equipages allowances for the Assistant are made the same as for the surveyor in charge, when the Assistant is a Dominion or Provincial Land Surveyor.

The Minister further states that it has been represented on behalf of the surveyors that owing to the general increase in prices during recent years, specially in the prices of food supplies, the allowances have become inadequate and are no longer sufficient to feed and equip properly the men of a survey party. It is also pointed out that the surveyor in charge of a small party is at a greater disadvantage, the cost per man for food and equipment being higher than for a large party.

The Minister recommends in order that surveyors may be able to meet their expenses and that small parties may be placed on a more favourable footing, that clauses 9, 11 and 12 of the Order in Council of October 26th, 1894, and the Orders in Council of April 24th, 1897, and May 16th, 1899, be cancelled and the following clauses substituted :—

1. The surveyor in charge of a survey party shall be allowed a special ration allowance of one dollar per day for the party, such allowance to be paid as long as the surveyor remains in the field. He shall further be allowed an ordinary ration allowance of fifty-five cents per day for himself and every member of his party while in the field.

2. For meals, board and hotel expenses of himself and party the surveyor shall be allowed, in addition to the ration allowance, a sum of forty cents per day for himself and four cents per day for every other member of his party while in the field.

3. Camp equipage shall be owned and furnished by the surveyor. For its use he shall be allowed while in the field forty cents per day for himself and six cents per day for every other member of the party.

4. When an Assistant is regularly appointed as such by the Minister of the Interior the board and camp equipage allowances for him shall be twenty-five cents and ten cents per day respectively.

The Committee submit the same for approval.

JOHN J. McGEE,
43–4 Clerk of the Privy Council.

## RAILWAY COMMISSION.

THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

*(Meeting at Ottawa.)*

Saturday, the 15th day of April, A.D. 1905.

PRESENT :

A. C. KILLAM, K.C.,
Chief Commissioner.
The Honourable M.E. BERNIER, P.C., N.P., LL.D.,
Deputy Chief Commissioner.
JAMES MILLS, M.A., LL.D.,
Commissioner.

In the matter of the complaint of the Farmers' Association of Canada (hereinafter called the "complainants") against the Grand Trunk Railway Company, the Canadian Pacific Railway Company, and other railway companies in Ontario and Quebec (hereinafter called the "respondent companies"), under sections 252 and 253 of The Railway Act, 1903), to the Board, alleging that discrimination exists between the rates charged for the transportation of grain and of grain products, respectively, in that higher rates are charged on the grain than on the milled products thereof, both of which were formerly carried on the same basis of rates.

Upon hearing Messrs. Wilson and Gregory on behalf of the complainants and Mr. Loud for the respondent companies, and upon the report and recommendation of the Chief Traffic Officer of the Board, and the evidence adduced,—

The Board doth order that the respondent companies restore the equilibrium between their freight rates on grain and its products by reducing the rates now charged on grain to the same basis as charged on the milled products thereof.

Chief Commissioner,
44-2 Board of Railway Commissioners for Canada.

## NOTICE TO MARINERS.

GOVERNMENT RIFLE RANGES, MCNAB'S ISLAND.

Owing to the extreme range of the Lee-Metford or Magazine Rifle, with which the musketry training of the troops will in future be conducted, and with a view to the better protection of the public, it has been found necessary to demarcate more clearly the area of water seawards, and to the south of above ranges, liable to be struck by spent or ricochet bullets.

This area has been marked by four spar buoys, placed at intervals between the Thrum Cap Shoal and the Eastern Passage, at a distance of three thousand yards from the stop butts. The buoys mark the extreme limits of the danger zone. The spars are painted red, and are surmounted by cross heads painted red and white.

Notice is therefore hereby given that any ship or boat passing inside these buoys, during the hours of practice, incurs serious risk, and no attempt should, under any circumstances, be made to cross the aforesaid area as long as the red flag hoisted at the south end of McNab's Island is left flying.

This notice will have effect from the 17th April, 1905.

By order,

H. M. BIDDULPH,
Major, D.A.A. General.

Mardi, le 11e jour d'avril 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un memorandum daté le 21 mars 1905, du ministre suppléant de l'Intérieur, énonçant que des indemnités pour rations, pension et effets de campement, sont accordées à l'arpenteur en charge d'un parti d'arpenteurs par arrêté en conseil du 26 octobre 1894, les clauses relatives aux dites allocations étant comme suit :—

9. Il sera accordé à l'arpenteur pour lui-même et chaque homme de son parti une indemnité de rations de cinquante centins par jour tant qu'il sera en campagne.

11. Pour les repas, pension et frais d'hôtellerie de lui-même et de son parti lorsqu'ils sont en campagne, il sera alloué à l'arpenteur, en sus de l'indemnité de rations, une somme de vingt-huit centins par jour pour lui-même et quatre centins pour chaque autre membre du parti.

12. Les effets de campement appartiendront à l'arpenteur et seront fournis par lui. Pour leur usage il recevra lorsque en campagne vingt-deux centins par jour pour lui-même et un centin par jour pour chaque autre membre du parti.

Le Ministre dit de plus que par arrêtés en conseil du 24 avril 1897, et du 16 mai 1899, l'indemnité de pension et d'effets de campement allouée à l'aide sont la même que pour l'arpenteur en charge, lorsque l'aide est un arpenteur fédéral ou provincial.

Le Ministre dit de plus qu'il a été représenté de la part des arpenteurs que vu la hausse générale dans les prix durant les dernières années, surtout dans les prix des provisions de bouche, les indemnités sont devenues insuffisantes pour nourrir et équiper convenablement les hommes d'un parti d'arpentage. Il est démontré aussi que l'arpenteur en charge d'un petit parti souffre d'un plus grand désavantage, le coût par homme pour la nourriture et l'équipement étant plus élevé que pour un grand parti.

Le Ministre recommande, afin que les arpenteurs puissent être capables de faire face à leurs frais, et que les petits partis soient mis sur un pied plus favorable, que les clauses 9, 11 et 12 de l'arrêté en conseil du 26 octobre 1894, et des arrêtés en conseil du 24 avril 1897, et 16 mai 1899, soient cancellés et remplacés par ce qui suit :—

1. Il sera accordé à l'arpenteur en charge d'un parti d'arpentage un indemnité spéciale pour rations de une piastre par jour pour le parti, cette indemnité étant payée aussi longtemps que l'arpenteur restera en campagne. Il recevra aussi une indemnité ordinaire pour rations de cinquante-cinq centins par jour pour lui-même et chaque membre de son parti tant qu'ils seront en campagne.

2. Pour repas, pension et frais d'hôtellerie pour lui-même et son parti, il sera aussi alloué à l'arpenteur, en sus de l'indemnité de rations, une somme de quarante centins par jour pour lui-même et quatre centins par jour pour chaque autre membre de son parti tant qu'ils seront en campagne.

3. Les effets de campement appartiendront à l'arpenteur et seront fournis par lui. Pour leur usage il lui sera alloué tant qu'il est en campagne quarante centins par jour pour lui-même et six centins par jour sur chaque autre membre du parti.

4. Lorsqu'un aide est régulièrement nommé comme tel par le ministre de l'Intérieur, les indemnités de pension et d'effets de campement seront de vingt-cinq centins et dix centins par jour respectivement.

Le comité soumet ce qui précède à l'approbation.

### RÈGLES ET ORDRES GÉNÉRAUX.

Conformément aux dispositions contenues dans le 289e article de l'*Acte des chemins de fer*, 1903, (3 Edouard VII, chap. 58), il est par le présent ordonné que les Règles ci-dessous, relatives aux affaires ci-après mentionnées, soient en vigueur dans la cour de l'Echiquier du Canada :—

### PROJET DE CONCORDAT—PRÉPARATION ET DÉPÔT DU PROJET.

1. Chaque projet à déposer en cette cour, conformément à l'*Acte des chemins de fer*, 1903, 3 Edouard VII, chap. 58, article 285, et chaque déclaration, affidavit, pétition, sommation, avis ou autre procédure s'y rattachant, seront intitulés dans la cour, et dans l'affaire de la compagnie en question.

2. Chaque projet à déposer comme susdit, sera imprimé en la manière prescrite pour l'impression des plaidoyers et autres procédures dans cette cour.

3. Chaque tel projet sera déposé au greffe du registraire de la cour, et la déclaration et l'affidavit exigés par l'article 285 du dit acte seront annexés à ce projet et déposés en même temps que le projet, et le registraire ne transcrira aucun tel projet s'il n'est accompagné de tel déclaration et affidavit.

4. L'endos de chaque projet ainsi déposé comme susdit portera les noms et adresse du solliciteur et de l'agent à Ottawa (s'il y en a) de la compagnie.

5. Lorsqu'un projet écrit est déposé, la personne qui l'apporte pour être inscrit, devra en même temps en laisser une bonne copie avec le registraire, et le registraire comparera cette copie avec le projet déposé et le retournera ainsi examiné avec un certificat à l'effet qu'il est exact et peut être imprimé.

6. D'après cette copie certifiée les directeurs feront imprimer le projet, et avant l'expiration de cinq jours à compter du dépôt du projet, ils en laisseront une copie imprimée au greffe du registraire, avec un certificat écrit dessus par le solliciteur de la compagnie à l'effet que cet imprimé est une vraie copie du projet ainsi certifié, et après l'expiration de ces cinq jours aucune preuve que le projet a été déposé ne sera admissible tant que cette copie imprimée du projet n'aura pas été déposée.

### EXEMPLAIRES DU PROJET.

7. En tout temps après l'expiration de cinq jours à compter du dépôt du projet, qu'il soit imprimé ou écrit, tout personne peut demander, par réquisition écrite délivrée au bureau principal de la compagnie, ou au bureau de son solliciteur, ou de son agent à Ottawa (s'il y en a) un certain nombre n'excédant pas dix, d'exemplaires imprimés du projet, et les exemplaires ainsi demandés seront sur cette demande, délivrés à la personne qui les a demandées, avec un certificat écrit dessus par le solliciteur de la compagnie à l'effet qu'elles sont de vraies copies du projet déposé.

8. Chaque tel exemplaire sera, sur livraison, payé au taux de un centin par folio, sauf dans le cas prévu par le 288e article du dit acte, dans lequel cas il sera payé au taux de dix centins pour chaque exemplaire, tel que prescrit dans le dit article.

### AVIS DU DÉPÔT DU PROJET.

9. L'avis à publier dans la *Gazette du Canada* du dépôt du projet, sera signé par le solliciteur de la compagnie ou son agent à Ottawa, et énoncera si le projet contient quelques dispositions pour régler et définir les droits des actionnaires entr'eux, ou pour prélever aucun et quel montant de capital-actions ou d'emprunt, et lequel, et énoncera le nom et l'adresse du solliciteur et de l'agent à Ottawa (s'il y en a) de la compagnie, et peut être en la formule No 1 dans l'annexe ci-jointe, avec les variations que les circonstances exigeront.

### CERTIFICAT DU DÉPÔT.

10. Lorsqu'un projet a été déposé, le registraire, à la demande de toute personne, donnera et signera un certificat du dépôt du projet ou du dépôt d'un exemplaire imprimé de ce projet ; et ce certificat pourra être en la forme No 2 de l'annexe ci-jointe, avec les variations que les circonstances exigeront.

### INTERDIRE UNE ACTION APRÈS QUE LE PROJET EST DÉPOSÉ.

12. Nul ordre en vertu de l'article 285 du dit acte pour interdire une action contre la compagnie, pour la raison qu'un projet a été déposé, ne sera rendu sauf avec l'entente que la compagnie sera responsable des dommages-intérêts (s'il y en a) que la cour ou le juge pourra juger à propos d'adjuger dans le cas où le demandeur serait plus tard tenu de procéder avec cette action ; et aux autres conditions (s'il y en a) que la cour ou le juge croira raisonnables.

### PÉTITION POUR CONFIRMATION DU PROJET.

Chaque pétition pour la confirmation d'un projet sera présentée par les directeurs ou la majeure partie d'eux. Cette pétition n'énoncera pas le projet, mais y référera seulement, et peut être en la forme No 3 de l'annexe ci-jointe, avec les variations que les circonstances exigeront.

13. Les pétitionnaires qui présenteront cette pétition comme susdit, seront pour les fins de cette pétition traités comme représentant la compagnie, et la compagnie ne comparaîtra pas autrement à l'audition de telle pétition.

14. Lorsqu'une pétition pour ratifier un projet est présentée, les directeurs, ou la majeure partie d'eux, demanderont au juge en chambre de fixer un jour auquel cette pétition pourra être entendue, ce jour ne devant pas être avant l'expiration de trois semaines à compter de la date de la demande, et ils feront insérer un avis de la présentation de cette pétition dans la *Gazette du Canada* et dans deux papiers-nouvelles circulant dans la province du district dans lequel le bureau principal de la compagnie est situé, selon que le juge décidera. Cet avis indiquera le jour où le projet est déposé, et le jour où la pétition a été présentée, et le jour où elle sera entendue, et le nom et l'adresse du solliciteur et de l'agent à Ottawa (s'il y en a) de la compagnie, et pourra être en la forme n° 4 dans l'annexe ci-jointe, avec les variations que les circonstances exigeront.

15. La pétition ne sera appelée pour audition avant au moins vingt et un jours francs après l'insertion de cet avis comme susdit. Cet avis sera, au moins une fois chaque semaine qui s'écoulera entre le temps de sa première insertion et le jour auquel cette pétition est fixé pour audition, encore inséré dans la *Gazette du Canada* et dans deux papiers-nouvelles comme susdit au jour ou aux jours que le juge ordonnera.

16. Tout créancier, actionnaire ou autre personne dont les droits ou intérêts sont lésés par ce projet, et qui désirent être entendus en opposition à sa confir-

mation, devra, au moins sept jours francs avant le jour auquel la pétition pour confirmation doit être entendue, souscrire une obligation de comparaître au greffe du registraire et déposer un état imprimé des objections à icelle, et à défaut de ce faire n'aura pas droit d'être entendu, sauf avec la permission spéciale de la cour.

17. Toute personne souscrivant ainsi une obligation de comparaître sera réputée s'être soumise à la juridiction de la cour quant au paiement des frais et autrement.

CONFIRMATION DU PROJET.

18. Nul projet ne sera censé avoir été confirmé par la cour tant que ce projet et l'ordre le confirmant n'auront pas été transcrits dans le registre.

19. Si l'ordre pour confirmer un projet n'est pas opposé, le projet et cet ordre pourront être transcrits immédiatement. Si l'ordre est opposé avis de l'ordre sera, au moins une fois chaque semaine qui s'écoulera entre le prononcé de cet ordre et l'expiration de trente jours à compter du prononeé d'icelui, inséré dans la *Gazette du Canada*, et tels deux autres papiers-nouvelles qui auront été choisis par le juge pour l'insertion d'annonces en vertu de la 14e règle. Et ce projet d'ordre ne sera pas inscrit avant l'expiration de trente jours à compter du jour où l'ordre a été prononcé, ni avant que la *Gazette du Canada* et les papiers-nouvelles contenant ces avis n'aient été produits au registraire.

DISPOSITIONS GÉNÉRALES.

20. Tous les ordres rendus en chambre en vertu de l'*Acte des chemins de fer*, 1903, seront dressées en chambre, à moins que le registraire n'ait été spécialement chargé de les dresser, et seront inscrits de la même manière que les autres ordres dressés en chambre.

21. Dans les cas non expressément prévus par le dit acte ou par le présent ordre, les ordres généraux et de pratique des cours, en tant qu'ils pourront s'y appliqués et ne seront pas incompatibles avec le dit acte ou le présent ordre, s'appliqueront à toutes les procédures de la cour en vertu du présent acte.

22. Le pouvoir de la cour et du juge en chambre de prolonger ou raccourcir le temps fixé pour faire un acte ou intenter une procédure, et de donner instruction quant à la marche des procédures en vertu du dit acte, seront les mêmes que dans les procédures sous la juridiction ordinaire de la cour.

23. Le tarif des honoraires de temps à autre en vigueur dans la présente cour, s'appliquera aux procédures en vertu du dit acte et des présents règlements, et de plus, l'honoraire payable au registraire pour le dépôt d'un projet de concordat sera de cinq piastres ($5.00).

24. Le présent ordre s'appliquera à tous les projets déposés sous l'empire du dit acte et à toutes les procédures intentées sous l'empire du dit acte ; pourvu, toutefois, que toutes les procédures prises sous l'empire du dit acte avant que le présent ordre vienne en vigueur, auront la même validité que si le présent ordre n'avait pas été rendu.
